Agenda

- ✓ What blended learning is... and what it's not
- ✓ Why blended learning
- ✓ Five steps for implementing blended learning
- ✓ Additional resources
- ✓ Q & A

**All About Blended

What Blended Learning Is...

- ✓ A way to engage students who have limited time for training
- ✓ Students can access online course materials from any computer at any time
- ✓ Students complete the training with instructor-led, in class skills sessions

**All About Blended
in Just 30 Minutes**

a HSI webinar

What Blended Learning Isn't...

- X Shouldn't be confused with "online only" courses
- X "Online only" courses do not include hands-on skills assessment
- X HSI, ASHI and MEDIC First Aid do not endorse or offer online only certification courses
- X OSHA states that online training alone does not meet requirements

Why Blended Learning?

- Appeals to adult learners – self-directed learning
- Offers employers flexible, convenient scheduling; efficiencies with reduced in-class time
- Potential cost savings for employers
- Potential revenue generator for Entrepreneurial Training Centers - ability to train more students in one day

The screenshot shows the Otis Learning Administration dashboard. At the top left is the Otis logo. To the right are navigation tabs: Dashboard, Instructors*, Classes*, Store, and Administration (highlighted in green). Below the navigation is a grid of menu items. A red box labeled 'Otis Learning' with the text 'Free and assigned online training courses' is overlaid on the 'Approval' menu item. A red arrow points from a 'CLICK HERE' button at the top to the 'Otis Learning' box. Another red arrow points from a 'WEBINAR HERE' button at the bottom to the 'Recorded Webinar - Blended Learning and Digital Certificates' item in the list. The list includes items like 'Digital Resource Kit', 'Store', and several 'Recorded Webinar' entries.

Skills Practice and Evaluation

A blended learning class MUST include a hands-on skills practice

- ✓ Must focus on skill learning objectives listed in Instructor Guide
- ✓ Session covers same skill activities as traditional classroom class
- ✓ Allow skills practice time for students
Creates a memorable, confidence-building experience
- ✓ Can include one or two students, or up to 10-12

**All About Blended
in Just 30 Minutes**

a HSI webinar

Skills Practice and Evaluation

A blended learning class MUST include a hands-on skills practice

- ✓ Skills **PRACTICE** & **EVALUATION** Session
- ✓ Not a Skills “Check Off”
Unless using the individual challenge option
- ✓ Must perform all required skills competently without assistance
- ✓ This should be no different than traditional classroom class

**All About Blended
in Just 30 Minutes**

a HSI webinar

Skills Practice and Evaluation

Equipment and Supplies

Same as traditional classroom class

- ✓ Manikins
 - ✓ AED Training Devices
 - ✓ Gloves
 - ✓ CPR Shields/Masks
 - ✓ Bandaging Supplies, etc.
 - ✓ Skill Guides/Student Books
 - ✓ Certification Cards
- ✓ Support Documents
 - Roster/Class Record
 - Performance Evaluation (if used)
 - Exam/Answer Key (if used)
 - RYP Class Evaluation
 - Blended IG Supplement

Skills Practice and Evaluation

Skill Session - Group

ASHI

Basic format for each skill segment:

- ✓ Identify Skill Guide for practice
- ✓ Perform Whole-Part-Whole demonstration of skill
- ✓ Allow adequate time for students to practice the skill
- ✓ Wrap up; ask for and briefly answer any questions
- ✓ Assess for competent performance just as traditional class

MEDIC First Aid

Basic format for each skill segment:

- ✓ Identify Student Guide page(s) for practice
- ✓ Ask for and briefly answer any questions
- ✓ Perform Real-time Demonstration of skill
- ✓ If necessary, demonstrate again with explanation
- ✓ Conduct the Small Group Practice
- ✓ Assess for reasonable performance just as traditional class

Skills Practice and Evaluation

Skill Session - Individual

ASHI

Basic format for each skill segment:

- ✓ The basic format for each skill segment is same as group
- ✓ Guided practice, not simply a “check-off”
- ✓ Assess for competent performance

MEDIC First Aid

Basic format for each skill segment:

- ✓ The basic format for each skill segment is same as group
- ✓ Instructor plays role of coach; manikin role of patient
- ✓ Guided practice, not simply a “check-off”
- ✓ Assess for reasonable performance just as traditional class

Skills Practice and Evaluation

Skill Session – Individual Challenge

- ✓ Experienced students can challenge skill segments
- ✓ Must demonstrate reasonable performance with no assistance using Performance Evaluations
- ✓ Challengers use online class and student book to prepare
- ✓ If cannot pass challenge – retry at future date after review, or go through guided practice for individuals
- ✓ Details of Challenge in Instructor Guide

Skills Practice and Evaluation

Segmentation and Flexibility

- Designed for new learners or returning students who have not practiced in some time
- Instructors can extend, shorten, skim, or combine skills, but cannot eliminate skills
- Must reach goal of verifying reasonable performance for each skill

Written Evaluation

- Exams conducted same as traditional classroom class
- Take precaution to prevent cheating
- Allow adequate time to complete

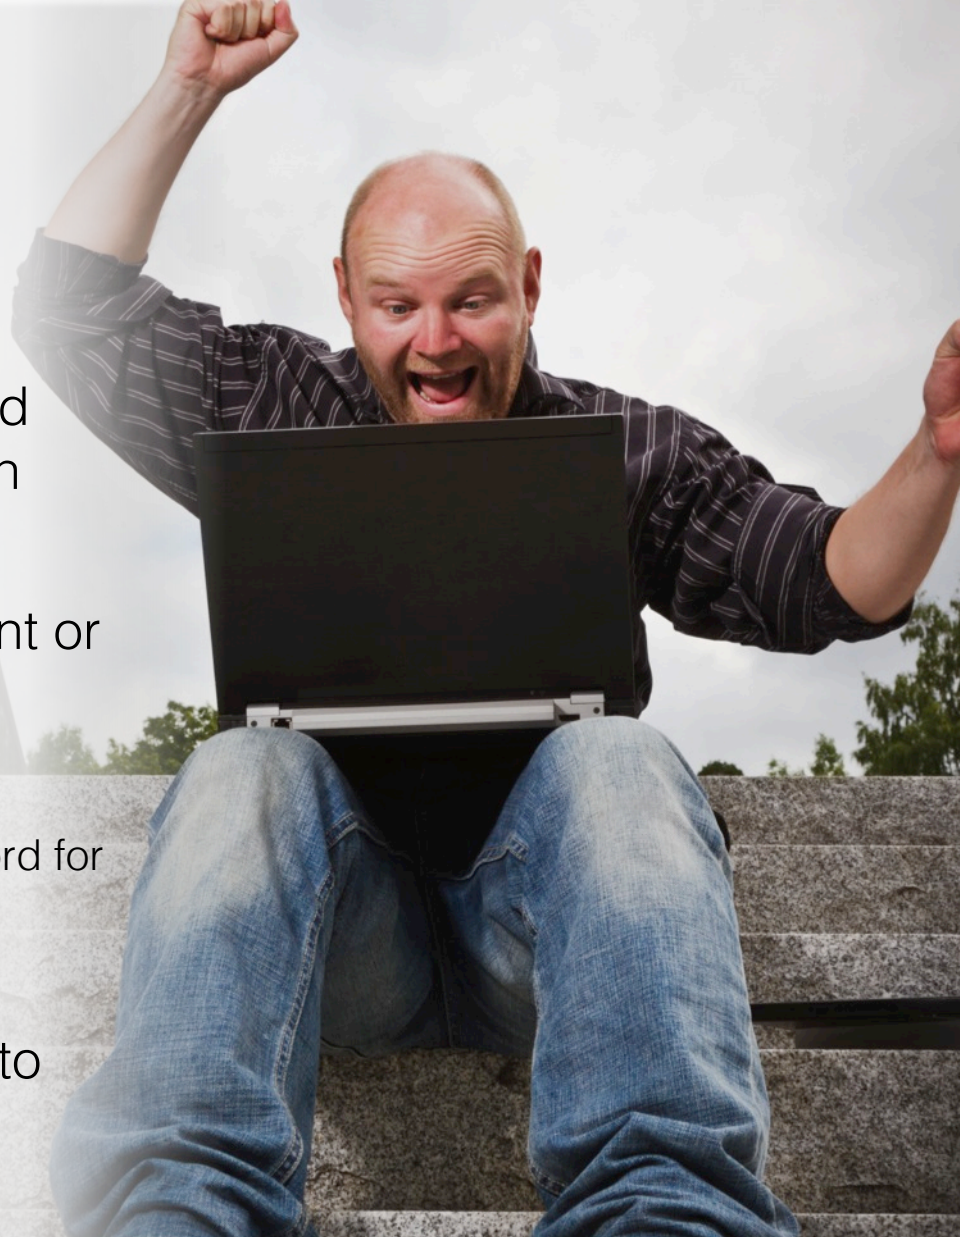

Class Wrap-Up

To successfully complete a blended learning course:

- ✓ Student must meet both online and hands-on skills practice/evaluation requirements
- ✓ Certification cards available in print or digital formats
 - Digital cards are either printed by instructor or emailed
 - Students retain access to digital record for duration of certification period
- ✓ Online admin system tracks expiration dates – allows records to be exported if desired

in Just 30 Minutes**

a HSI webinar

Class Wrap-Up

Finalize class paperwork

- ✓ Performance Evaluations (if used)
- ✓ Written Evaluation (if used)
- ✓ Class Roster/Student Record
- ✓ RYP Class Evaluation

Complete and distribute certification cards – print or digital

- ✓ Submit roster in Otis to issue digital certification cards
Digital card can then be printed and given to student or emailed
