Mr. Jeff Collins,
President / CEO
Innovative Management Solutions, Inc.,
7160 N. Dallas Pkwy., Ste. 320
Plano, Texas 75024

Dear Jeff,

I would like to take this opportunity to express my complete thanks to you and for the efforts of the IMS staff for their dynamic participation, leadership, training and professionalisms'. This was visibly observed during the installation and post-production support of our Primavera version 6.1.

Innovative Management Solutions along with their excellent matching skill sets in leading and providing guidance were very well received on both a professional and personnel level.

The instant that IMS personnel arrived till the time the installation was completed including the post-support efforts was incomparable.

Jeff, again, thanks so much for IMS and your staffs' knowledgeable contribution in our installation. I have no reservations that it would not have been the success that it was without their involvement.

Sincerely,

Michael E. Muhlenburg
