About Sous-Vide

Sous-Vide translated is "under-vacuum." It is an innovative cooking technique which involves sealing raw food in a vacuum-sealed plastic pouch and it's fully-cooked by immersing it in a water bath.

Reheating the food pouches at a precise temperature ensures all the qualities such as moisture, flavor and optimum serving temperature remain in tact.

COFFEE

Malongo®

ÉCONOME
les pieds sur TERRE
EXPRESSO
FABRIQUÉE EN FRANCE
main dans la MAIN
l'eau à la BOUCHE
entièrement RECYCLABLE

Established in 1934 in Nice, France, Malongo is committed to reaching the highest quality of coffee by carefully tracking the beans from the plantation to the cup. Malongo's Arabica coffee only grows at high altitudes using traditional farming methods. The beans are then hand-picked, naturally dried and then carefully roasted for over 20 minutes to bring out the true finesse of the aromas.

From farm to production process, Malongo has a long healthy relationship with all parties involved which is why they are able to obtain a consistent and high quality coffee for over 80 years.

Espresso Cup Set

Cappuccino Cup Set

Malongo

Espresso Varieties, Blends & Single Origins

La Grande Reserve

A blend of the greatest Arabica beans for a remarkably-balanced espresso. This coffee has a delicate, toasted aroma.

Ristretto

This dark roasted coffee has a rich full-bodied intense, seductive flavor. Enjoy it as a strong short drink.

Colombia Supremo

Colombia Supremo is grown on the highest plateau of Colombia. This coffee has a well-rounded flavor with a delicate fruity aroma. Fairtrade Certified.

Cuba

Delicate flavor notes of cocoa bean, caramel, tobacco and grape.

Deca Aqua

This all-natural water decaffeinated (no chemical solvents) preserves all the wonderful aroma and flavor of the real espresso. The Malongo decaf is also Fairtrade and Organic Certified.
