Attached is a summary of Origination activity for 05/19/2014. Dates don't match

Download it from Dropbox Inc.:
<https://www.cubby.com/pl/invoice-650917.zip/44e30a4d8a4e44b9904de0cdd6c1ca6f>
Secure payroll files would never be on Dropbox. .zip files are used to "hide" executable files.

Even though the text references dropbox, the file location is on cubby.com (which is a Dropbox competitor)
