# Avid*Invoice* —Electronic Invoicing

## Eliminate the Paper Headaches From Your Entire AP Process. Reduce Costs by 60% or More!

**We offer an electronic invoicing solution that can eliminate 100% of paper invoices from your existing Accounts Payable process within Microsoft Dynamics.**

## Electronic Invoicing Drastically Saves Money and Time

- Save money by reducing invoice processing costs up to 60%
- Receive 100% of invoices electronically, 100% of the time
- Enhance visibility and increase control over your process with anytime, anywhere access
- Reduce invoice approval time from the average 28 days, down to 2.7 days*
- Archive all AP history electronically for immediate recall and disaster recovery
- Simplify your budgeting and auditing processes
- Maintain your existing business rules, processes, and accounting software

## Plus, you'll enjoy a multitude of additional benefits for your utility invoices, at **no additional cost**:

- Eliminate manual work tied to capturing, tracking, and analyzing vital utility information
- Avoid sitting on the phone for hours disputing bills
- Gain visibility into your utility consumption and accurately forecast future energy costs
- Receive Automated ENERGY STAR® reports through our integration

*Aberdeen Research Report: E-Payables 2010: The Strategic Value of Accounts Payable Automation

### Cost Reduction

"We have reduced our annual operating costs by over $430,000 with our electronic invoicing solution."

– Warren Adair, Vice President of Information Technologies, Shea Properties AvidXchange customer for over a decade

You can be completely paperless in 45 days or less—**guaranteed!**
