Attn.: Ms. Anthony Socias, Manager

Subject: TSO-C13d Life Preserver, P/N S-7200-( ), Model HV 35C Minor Change Request

Dear Mr. Socias,

The life preserver drawing S-7200-( ), has one minor change to it. This letter is being submitted to bring our records up to date.

Revision AJ, dated 9/07, adds one new vest assembly: S-7200-40. This new assembly has a more streamlined cover and method of adjustment. The inflatable cell assembly is the same as that used in a previously approved unit (S-7200-2). These changes should be considered minor as they do not effect form, fit, or function.

We hereby certify that these life preservers meet or exceed all the requirements of TSO C13d and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Sincerely,

Gus Fanjul  
Chief Engineer  
Switlik Parachute Company
