Attn: Mr. Anthony Socias, Manager

Subject: TSO-C12c Life Raft (Twin Tube), P/N RA-46102-( ), 46 Person Life Raft, Minor Change Request

Dear Mr. Socias,

The life raft drawing RA-46102-( ) has had a minor change to it. Revision AC and this letter are being submitted to bring our records up to date.

Revision AC dated 9/04, corrected the numbering for the notes listed on page 3 of the drawing so that they will follow sequentially after the notes on page 1. In addition, one of the notes was changed to add an additional part number to a list of interchangeable subassemblies used in the manufacture of the raft.

This change should be considered minor as it does not have any effect on form, fit, or function. We hereby certify that this flotation device meets or exceeds all the requirements of TSO C12c, complies with 14 CFR Part 21, Subpart O, and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Best Regards,

  
John Mayer  
Engineer

Enclosure: Rev. AC to RA-46102-( )
