NYACO-ANE-170

MINOR CHANGE RECEIVED AND ACKNOWLEDGED BY FAA	
	
SIGNATURE	2/2/06

Attn.: Ms. Michele J. Maurer, Acting Manager

Subject: TSO-C13d Life Preserver, P/N S-7200-(), Model HV 35C Minor Change Request

Dear Ms. Maurer,

The life preserver drawing S-7200-(), has one minor change to it. This letter is being submitted to bring our records up to date.

Revision AG, dated 1/06, adds four new vest assemblies: S-7200-29, -30, -31 & -32. These new assemblies are no different than existing assemblies with the exception of an additional marking on the lifevest cell. The marking consists of the statement, "Distributed exclusively by EON International Corporation" added above the ID block. Additionally, all vest assemblies with the word "CUSTOMS" in their title are now labelled "SPECOPS". This change does not affect the form, fit or function of the item in any way.

We hereby certify that these life preservers meet or exceed all the requirements of TSO C13d and will be manufactured under the strict quality control procedures on file with your Saddle Brook, New Jersey office.

Should you have any questions regarding this application, please don't hesitate to contact us.

Sincerely,

 John Mayer
 Engineer
 Switlik Parachute Company
