

*If You're Thinking About Getting a Living Trust, or Already Have One,
You Need to Know Why...*

Many Living Trusts *Fail!*

As a homeowner, you probably should have a Living Trust to protect your assets for your loved ones. But before you get a Trust, or feel secure with the one you have, you should know that all trusts do *not* protect your assets equally and do *not* work as intended when the time comes!

Your Living Trust plan should do all it can to:

2013 Could be a Disaster for Your Estate Plan. For your FREE Copy of our Special Report "Top Mistakes in Estate & Asset Protection Planning & How to Avoid Them" go to www.TopEstatePlanningMistakes.com

- Protect your beneficiaries from losing their inheritance to divorce, lawsuits, creditors, and government claims!
- Specifically address the different needs of each of your loved ones now - - and adjust to their changing needs *after* you're gone! (Such as unexpected financial setbacks, illness, disability, or drug or alcohol problems!)
- Protect your IRAs and retirement plans which, over your loved ones' lifetimes, may grow to become the largest assets you leave behind!
- Avoid you, and your loved ones, from being wiped out by nursing home bills!
- Provide you with an "Owner's Manual" and *free* ongoing "Service Package"

The Estate Planning and Asset Protection Law Center has specialized exclusively in Estate Planning for over 25 years, and has offices conveniently located in Metrowest. *It's no coincidence that many families have turned to us to set up their trust or upgrade their original trust when they wanted greater asset protection for their loved ones!*

You also need to find out...

- If you're single, the unique decisions that you face and how a proper Living Trust plan may specially benefit you, particularly if you have a live-in partner or get married in the future!
- If you have young children or grandchildren, how to help assure that they will be raised properly and lead a fruitful and meaningful life, rather than squander their inheritance!
- Why your potentially most valuable assets - - your IRAs and retirement plans you may roll over someday to IRAs - - may not be properly protected!
- Why a Living Trust alone is not enough. You should have an Emergency Card, Owner's Manual, Trustee Manual, Beneficiary Manual and Lifetime Protection Program® Membership to help assure your Trust plan will actually work properly when the time comes!
