

Family Bible Talk

Week One: What Wise Families Know

March 2015

TALK IT OVER

Pastor Ben talked at church this past weekend about building our family on a solid foundation. Take a few minutes and talk about the difference between a house or building built on a strong foundation and one built on a bad one.

For Families with younger kids: Use Legos or blocks and construct something together on different surfaces (a table top, a soft cushion, something with a slope etc.) How do they differ? What happens when you try to move them or a kid-created earthquake happens?

For older kids or Adults talk about the landslide in Oso last year and talk about the shaky foundation for that community. Look at the [before and after photo here](#) together.

LOOK IT UP

Open the Bible together and read about a solid foundation for life!

1. Read [Matthew 7:24-27](#). What does the first part of the passage say we should do to be like the wise man?
2. It talks about the Rock - Who or what is the Rock? Read [1 Samuel 2:2](#), & [Psalm 18:2](#)
3. If you have time read [Titus 2](#) and talk about how we have to all learn from each other about living in a way that has the solid foundation of God and His Word.

NEXT STEPS

Talk about ways you can bring a stronger foundation of faith into your daily life as a family. What are some things you already do you want to keep doing? What are some new things you can begin to strengthen God serving as the foundation for your life/family? ?

OPTIONS AND IDEAS

Set aside 15 minutes every day this week and intentionally connect with each other. Share something you are praying for and spend a few minutes praying for each other.

Parents: Plan a date night! Your solid relationship is a big part of the firm foundation of your family!
