Dear Mike,

On behalf of WestTower Communications, I am writing to say THANK YOU to the Calgary Police, 911 operators and your Sonitrol monitoring personnel for their coordinated effort overnight! Just after 3:30 AM this morning our Sonavision Live Monitored Video system detected an intruder breaking into our compound and your staff dispatched the Calgary Police who responded immediately... taking this copper thief into custody!

We went live with your system in January of 2010 and Calgary Police caught multiple intruders in our yard in June of that year. 4 years later, a new thief has tested your system and failed. We are very happy with these results.

Please pass our sincere thanks along to Cst. Botgu and her partner of the Calgary Police for their great response.

Sincerely,

Clay Dashney
