# System Error Previewing or Printing Reports:

If you are having trouble viewing Scannabar reports follow the steps below to register your DLL's:
1. Log into the Scannabar Menu:

2. Click on the System tab:

### 3. Click on the System Manager icon

### 4. Click on the RegisterDLL button

Once it's all complete try your reports again. You should be up and running.

If this did not resolve your problem please move onto the next solution.

The next steps to try are a repair of the Scannabar tables:
2. Log into the Scannabar Menu:

2. Click on the System tab:

3. Click on the System Manager icon

5. Click on the Repair button

Once the process is complete try and view your Scannabar Reports. You should be up and running.

If this did not resolve your problem please call one of our Solutions providers@1-800-939-8960 Ext: 2
