

# Engineered to sell.

**So yeah, we know what your customers want.**

*That's why Teknor Apex was the first US manufacturer to launch a truly kink-proof hose, Neverkink®, which featured our patented technology called NTS (Non-Torsion System).*

*Our leadership in the marketplace is constantly being strengthened by our comprehensive market research, new product development and our ability to meet the demands of today's discriminating consumer.*

*For quality, value and innovative engineering, all hoses lead to Apex.*

**APEX**  
WATERING REINVENTED
