**OmniComm Systems Ranks Number 481 on Deloitte's 2013 Technology Fast 500™ for Fastest Growing Companies in North America**

*Attributes 148 Percent Revenue Growth to Unrivaled Customer Service and Award-Winning Product Innovations*

**Ft. Lauderdale, FL, December 26, 2013** — OmniComm Systems, Inc (OTC: OMCM), today announced that it was ranked number 481 on Deloitte's Technology Fast 500™, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America over the past 5 years. OmniComm Systems' revenue grew 148 percent over this period.

OmniComm's Chief Executive Officer, Cornelis Wit, credits the organization's growth to its commitment to exceptional customer service and intuitive, innovative enhancements to their product lines. According to Mr. Wit, "Everyone at OmniComm is focused on our clients. With a firm understanding of their needs, we are able to provide unique and innovative solutions that allow our customers to optimize their clinical research investments in a more timely and cost effective manner. It is an honor to be ranked on the Technology Fast 500 for the 5<sup>th</sup> year in a row and for 6 of the past 8 years."

"The 2013 Deloitte Technology Fast 500 companies are exemplary cases of those spurring growth in a tough market through innovation," said Eric Openshaw, vice chairman, Deloitte LLP and U.S. technology, media and telecommunications leader. "This year's list is a who's who of companies behind the most exciting and innovative products and services in the technology space. We congratulate the Fast 500 companies and look forward to what they do next."

"The fastest growing companies in the US are drivers of constant innovation and operate with the agility to stay ahead of a quickly evolving marketplace, and software, biotech/pharma and internet companies continue to be at the forefront," added James Atwell, national managing partner of the Emerging Growth Company practice, Deloitte Services LP. "The companies excelling in these sectors have a startup mentality that allows them to be nimble and adapt quickly, which is why they consistently lead the list of fast-growing companies each year."

Overall, 2013 Technology Fast 500™ companies achieved revenue growth ranging from 137 percent to 208,897 percent from 2008 to 2012, with an average growth of 2,600 percent.

#### **About Deloitte's 2013 Technology Fast 500™**

Technology Fast 500, conducted by Deloitte LLP, provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies – both public and private - in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2008 to 2012.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of five years, and be headquartered within North America.
