Important!**Passport Requirements Starting January 8, 2007**

Effective January 8, 2007, all nationals, including U.S. citizens, will be required to hold a valid passport to enter the United States by air and by sea. This also applies when coming from Canada, Mexico, Central and South America, the Caribbean and Bermuda.

The new passport requirement means that all travelers, including U.S. citizens, who are departing the U.S. and intend to re-enter the United States are required to hold a valid passport upon departure from the U.S.

CheckMate 10 What's New Part 1 Available for Download

CheckMate 10 What's New Part 1 webinar sound has been corrected and uploaded to Origin BBS. There was a problem with the sound in the original recording. To download select [2006-08-24-- CheckMate 10 What's New Part 1](#), you will be prompted to log into Origin's BBS and then you can download the new recording.

CheckMate 10 What's New Part 1 - CheckMate 10 is now available and this Webinar will show you some of the new features and how to use them to increase productivity. Among other things, we explain Dimensional Planner and show you the new interface features and picking methods.

CheckMate 10.0.0022 Update Shipping Soon!

Origin customers with a current annual support plan will be receiving a CheckMate 10.0.0022 update in the next two weeks. Following are just a few additions to CheckMate since the shipment of CheckMate 10.0.0018 in September, but be sure to read the What's New on the DVD when shipped.

- Recordings included in installation under Help >What's New in CheckMate 10.0.0022, demonstration some of the new functions.
- Added new AIAG PPAP format report
- Added Create Excel Checklist of All Tolerances - Creates an excel checklist of all the Tolerances in the output segments. Added to both Dimensional Planner and CheckMate.
- GDT_Group Profile function
- Hot Plus In-Out of Tol Data
- Share Multiple Tolerances
- Easy picking method has been enhanced to multi point measurement instead of single point if you are taking multiple picks.
- Enhanced CheckMate Renaming Utility with Mask.

Webinar Registration Via Origin Web Site

Upcoming Origin Webinar Sessions are now listed on Origin's Web site, which allows you to register for a Webinar session. By going to www.origin.com and selecting **Webinar Sessions**, you can see the upcoming Webinar sessions and download previous Webinar sessions.

Select any upcoming Webinar session to register. Once you register you will receive the necessary information for joining that Webinar session.

Dimensional Planner Training Manual Available

A Dimensional Planner Training Manual is now available for downloading. The Dimensional Planner is a **MUST** for those who need to do ballooning. Dimensional Planner is included and installed automatically with CheckMate 10.

More good news for those who need to do ballooning.

- Dimensional Planner is an easy to use planning tool for CAD based ballooning of customer prints.
- The Dimensional Planner can be purchased as a single product.
- Dimensional Planner is an affordable product for all companies who need to do ballooning.
- Dimensional Planner comes with a training manual and webex recordings for a very short learning curve.
- Origin assists customers in learning the product without having to attend a class.
