ISSUE: LATE FALL

NOV 2013

Greetings!

November is a time when the season starts to change. It is also a time of reflection. With much thanks to our fallen soldiers for their courage and dedication. Take a moment to remember them.

We appreciate your comments and feedback.

Turn Key Solution to Flexible Shop Floor Gauging

The Origin Equator™ Solution

Origin supplies a turn key solution to Flexible Shop Floor Gauging. [Our suite of integrated software products](#) work in conjunction with the Renishaw Equator™ to generate a *low cost integrated gauging solution*. The software will allow your metrology Lab, *using their existing CMM*, to generate Equator™ gauges in the **least amount of time**.

WHICH ONE ARE YOU?

Quality Professional

OR

Manufacturing Engineer

Quote

Manufacturing takes place in very large facilities. If you want to build a computer chip, you need a giant semiconductor fabrication facility. But nature can grow complex molecular machines using nothing more than a plant.

CHECKMATE AFTER CLASS

Origin International provides webinars for CheckMate customers with an annual support plan. These webinars cover applications, procedures, advance commands that time does not allow in a standard training class.

These Webinar sessions are online training sessions that you can either: 1) register to view live or 2) download and view at your convenience.

If you missed the after class webinar, [Click Here](#) to Download to view at your own convenience from our website.

UPCOMING WEBINAR

CheckMate Excel Output with Graphics

Date: Thursday, December 12th, 2013

Time: 11:00 am, EST (GMT-04:00)

Description: This webinar will outline the setup and usage of the New "Graphics" tab on the CheckMate Excel Default's screen, designed to add images created in Layout Mode to you excel reports. Included capability is the ability to fill the template with only the results data of the features labelled in the Layout Mode.

[Click here](#) to register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

Note: If you already registered for this meeting, you do not need to register again.

CHECKMATE 12.1 Update -

OriginIntl.com

CheckMate - 12.1 Phase II 307 Update

For customers who log in to our BBS. We have a new folder called CheckMate 12.1 for this new release and other information related to it. ie. updates, how to unblock the help file etc.

Hardware Requirements for CheckMate:

- [32 bit](#) / [64 bit](#) capability - able to run Windows XP-32Bit, Vista or Windows 7
- Minimum 4 gigabytes of RAM
- Ability to do Windows XP hardware simulation
- Multiple Cores - Scanning software uses multiple cores to increase the performance

UPGRADING TO WINDOWS 7

Take Note of the Following:

- The new CheckMate release 12.1 supports

both 32 bit/64 bit.

- We recommend Windows 7 - 64 bit with "Administrator" rights
- Change your "Shortcuts" to run as administrator
