Sage ERP Accpac

At-A-Glance Version Enhancements
Version 6.0

TOP TEN REASONS TO UPGRADE FROM SAGE ERP ACCPAC VERSION 5.4 TO 5.5

Improve Efficiency. Boost Performance. Better Manage Your Business.

1. **Adapt to business process changes and save time** by easily changing, combining, and copying customer, vendor, general ledger, and item numbers.

2. **Respond more quickly to business trends and mitigate financial risks** with built-in dashboard analysis and financial reports.

3. **Simplify and expedite the period-end reconciliation process** by creating multiple levels of general ledger account relationships with rollup capabilities.

4. **Deliver exceptional customer service and optimize your collections process** with shared access to customer information across your business.

5. **Avoid costly inventory shortages or overstocking** with new inquiry tools that provide visibility into inventory availability and detailed stock forecasts.

6. **Recognize potential growth and sales opportunities** by better understanding the life cycle of your customers.

7. **Maximize workforce productivity and improve system security** by assigning general ledger account access to specific employees.

8. **Ensure compliance with currency translation standards and gain greater insights into your bottom line** with improved multicurrency revaluation enhancements.

9. **Conduct everyday tasks more quickly and improve performance** with better system performance through optimization enhancements.

10. **Lower your total cost of ownership** with a bundled Microsoft® SQL Server® Standard edition included with Sage ERP Accpac.

TOP TEN REASONS TO UPGRADE FROM SAGE ERP ACCPAC VERSION 5.5 TO 5.6

Increase Productivity. Streamline Operations. Improve Visibility.

1. **Spend less time pulling data and more time making critical business decisions** with new strategic planning and reporting tools.

2. **Reduce operational costs** through improved inventory workflow procedures including tighter control and traceability of serialized and/or lot numbers.

3. **Accelerate your collections efforts and improve your cash flow** with a user-defined Accounts Receivable inquiry tool.

4. **Improve your productivity** with the most commonly requested workflow enhancements added throughout your solution.

5. **Gain a faster and more accurate view of your cash position** with an improved reconciliation process.

6. **Increase employee productivity and improve customer loyalty** with access to customer information anytime, anywhere.

7. **Improve payroll accuracy and reduce risk of penalties** with a system that is compliant with the latest governmental regulations.

8. **Reduce cost of ownership** with the ability to run your software on virtualization platforms.

9. **Spend less time and money getting employees up to speed on new enhancements** with free online training and easy-to-follow implementation procedures.

10. **Save time generating daily reports** by saving your parameters and utilizing new sorting options.

TOP TEN REASONS TO UPGRADE FROM SAGE ERP ACCPAC VERSION 5.6 TO 6.0

Improve Productivity. Envision Success. Accelerate Growth.

1. **Enable collaboration and interoperability** through new web technology that leverages the current superior architecture to minimize business interruption.

2. **A global synchronized release of all modules** keeps your system working together harmoniously.

3. **Improve productivity** with the Sage ERP Accpac Portal, providing faster, personalized role-based access to information so you can accomplish everyday tasks more quickly and focus on strategic projects.

4. **Envision success** with Sage ERP Accpac Snapshots, which provide secure access to key performance indicators for more proactive trend analysis.

5. **Get the information you need, more quickly.** Sage ERP Accpac Inquiry facilitates fast access to customized lists, providing the answers you need to make better decisions.

6. **Accelerate growth and lower total cost of ownership** with SageCRM Workflow Enhancements, which improve information flow between the front and back office.

7. **Save time on month-end processes and reduce erroneous postings** from individual modules to the general ledger through better management of fiscal periods.

8. **Easily adopt new enhancements and get new employees up to speed more quickly** and cost effectively with training and usability improvements like the Getting Started Snapshot.

9. **Ensure optimal business management** with SageCRM 7.0 (included) and Sage ERP Accpac Intelligence.

10. **Adopt the new visual user interface at your own pace** and ensure a smooth transition to web technology for your business.

See your business in a new way! **Move up to the latest release!**
