Sage Mobile Apps

Make an impression. Build bigger sales. Get paid faster.

Make an impression with every customer visit and increase your revenue per sale. Take a payment on the spot or make it easier for customers to pay you using an emailed invoice and electronic payment. Learn how Sage solutions enable you to do business anytime, anywhere and gain the freedom to achieve your ambitions.

Sage Mobile Sales

Leave an impression, close bigger deals, and get paid faster with Sage Mobile Sales. This iPad app gives your sales team all of the information they need to close a sale at a customer site. Quotes, orders, and payments are automatically linked to your Sage ERP system so you get real-time information from the field.

- View and edit customer information on your iPad.
- Review your catalog with customers and show related items to help cross-sell and up-sell.
- Create a quote and email it to your customer.
- Check product availability and confidently commit to fulfilling orders.
- Enter an order and accept immediate payment.
- Place the order on account, and the customer will get an emailed invoice with a Pay Now button.

Sage Mobile Service

Empower your field technicians to deliver great customer service so you get more referrals and repeat business. Using Sage Mobile Service, your field technician will arrive on time, use their iPhone to pull up the customer's history and current repair order, take before and after photos, and even immediately process the customer's payment – all while onsite! Provide estimates and receipts through email, so you and your customers stay informed.

- Optimize schedules, routes, and assignments of jobs on the fly.
- Modify work orders onsite for actual hours and additional work performed.
- Get customer signoff and take photos onsite.
- Have anytime, anywhere link to customer's Sage ERP information.
- Get paid faster and increase your cash flow.

Sage Billing and Payment

Make it easy for your customers to do business with you while presenting a modern image! Sage Billing and Payment empowers you to choose electronic or paper delivery of invoices and receive electronic payments- reducing costs, saving time, decreasing days to pay, and improving customer service.

- Electronic invoices and receipts sent to customers based on your preferences.
- Electronic payments accepted from credit cards and ACH.
- Integration and automated data updates with the latest Sage ERP solutions.
- Online dashboard with visibility into invoice delivery and usage plus access to quickly re-send invoices.
