NEW OPBCS CLOUD SOLUTION FROM STRAFFORD TECHNOLOGY

QuikSTART For Oracle Hyperion Planning OPBCS

Londonderry, NH, August 11, 2014– Strafford Technology, providing consulting services addressing the challenges of Finance Departments with fully supported Business Intelligence (BI) and Enterprise Performance Management (EPM) applications, has developed a QuikSTART solution for Budgeting, Forecasting and Reporting with Oracle’s hosted OPBCS (Oracle Planning and Budgeting Cloud Service) offering.

By leveraging this program, a company’s new budgeting system can be up and running in 10 weeks or less.

“OPBCS is a Cloud-based Software-as-a-Service solution, chosen as a Best of Breed solution by Gartner group,” said Steve Berry, Strafford’s CEO. “It has a low cost of entry and is proven by thousands of clients. Strafford’s new Hyperion Planning OPBCS QuikSTART Solution is a smart way to adopt this technology quickly and easily.”

The solution includes a full implementation process, dimensions, input forms/grids, SmartView for Office, reporting, testing, training and documentation. Hardware and hosting are provided by Strafford Technology, with IT and Finance support from Strafford Administrative Services.

###

Strafford Technology Inc. is an Enterprise Performance Management consulting firm.
