STRAFFORD TECHNOLOGY MANAGED EPM/BI HOSTING SERVICES

A fully-managed cloud hosting service supported by EPM application experts

Londonderry, NH, April 7, 2014: Strafford Technology, providing consulting services addressing the challenges of Finance Departments with fully supported Business Intelligence (BI) and Enterprise Performance Management (EPM) applications, is now offering solutions both on-premise and on the Cloud.

As an Amazon Web Services (AWS) Advanced Consulting Partner, Strafford can provide a high level of expertise in designing, building and managing solutions on the AWS cloud. AWS is the world's leading provider of cloud infrastructure-as-a-service, and provides a robust, stable and secure environment.

"At Strafford Technology our goal is to empower Finance Departments with fully supported BI and EPM applications via a cost effective, proactively managed cloud platform," said Steve Berry, Strafford's CEO. "Bringing EPM implementation to the Strafford Cloud lets customers enjoy the benefits of a fully-managed cloud hosting service with support by EPM application experts."

Supported applications with Strafford's Cloud Services include Oracle Hyperion Planning, Oracle Hyperion Enterprise, Oracle Hyperion Financial Management and SAP Business Planning and Consolidation. Customers can upgrade to the latest release and stay on the latest release, and they get a built-in disaster recovery plan, a managed backup and restore process and full application functionality with 24/7 network monitoring.

"With the outages we had, downtime was a big concern. We haven't had any downtime since implementing with Strafford."

Bret Gelhausen, Senior Management Reporting Analyst for AmericanWest Bank

###
