

A Quick Start Guide for:

COOLNet Alberta

NEW LOOK

NEW TOOLS

NEW OPPORTUNITIES

What is new in COOLNet Alberta?

1. A new menu based appearance and navigation
2. New options for viewing and downloading documents
3. Introduction of the COOLNet on demand invitation only project functionality
4. Introduction of Invitation to bid and Company directory features
5. Keyword based opportunity notifications
6. Integrated online bid submission

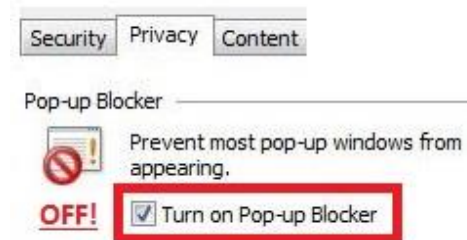

4 Steps to project access:

1. **Login** – Every User in the system requires their own unique login and password. If you don't have one you can register at www.coolnetalberta.com. Once approved you will have access to the system.
2. **Search** – Once logged in to the Dashboard click on a Quick Search to see a list of available projects
3. **Select** – click on the blue project description link to see the detailed project information
4. **View** – click on View Documents to access the list of available documents

To take full advantage of document viewing and other system features:

1. Enable Pop-ups in your Browser
2. Install Adobe Acrobat or an alternate PDF Viewer of your choice
3. To utilize the optional SourceViewer to view, search, mark-up and perform take-off tasks download and install Java

- Expand the folders by clicking the folder name.
- Check the boxes in the select column to order, print or download documents.
- Use the select viewing options dropdown to choose your preferred viewer. Selecting Browser Default enables your system default applications to open the documents such as Adobe Acrobat. Selecting SourceViewer requires Java on your computer but gives you many tools to work with.

The left screenshot shows the SourceViewer interface with a project plan. The toolbar at the top includes various tools for navigation and editing. The document tree on the left lists the project structure, including 'PHASE 3 (TENDER PACKAGE 4)' and '01 Architectural'. The main view displays a site plan with various areas labeled, such as 'Lay-down Area', 'Construction Compound', and 'Student Assembly Area'.

The right screenshot shows a detailed view of a specification document for 'CRYSTALLINE WATERPROOFING'. The document is organized into sections: General, Description, Related Work, Reference Standards, System Description, and System Performance Requirements. The 'Description' section provides a detailed overview of the system, while the 'System Performance Requirements' section lists specific testing and performance criteria.

Owner	Description	Type	Count	Perimeter	Area (units sq)	Height	Width	Length	Scale	Units
You	PARKING AREA	Polygon	5	16.90	15.65				1:1	inches
You	FLOWER POTS	Count	7						1:1	inches
You	ASSEMBLY AREA...	Cloud				4.05	4.26		1:1	inches
You	NOTES	Line						2.43	1:1	inches
You	NOTES	Text						2.18	1:1	inches
You	Measurement	Measurement						0.45	1:1	inches

- Integrated take-off tools are located on the toolbar
- Mark up documents with notes or annotations
- Print locally with or without your annotations
- Export take offs to a spreadsheet
- Search for text in specifications by clicking the search button and typing in words you'd like to search for.

Invitation to Bid: Uptown Shopping Centre Future Shop Upgrades

Dear May Loo,

Fastenhawk Contracting invites you to submit a bid for your scope of work on the following project:

Project: Uptown Shopping Centre Future Shop Upgrades

Closing Date/Time: 23 Dec 2013 / 15:00

The project documents are available for viewing, printing and downloading in COOLNet with an up-to-date subscription. Documents may be previewed with a free account. [Click here to access project information](#)

If you do not already have a login and password to COOLNet click the **Sign Up Here** link and complete the registration form to obtain a free account. If you are unsure if you have an account, enter your email address in the **Forgot Your Password** form to have your account information sent to you.

Please indicate your intentions to bid on this project using the online form in the project file. You will be prompted to complete the form when accessing the Documents Tab.

For project questions or concerns, please contact:

May Loo
Fastenhawk Contracting
Phone: (604) 294-6557
Fax: (604) -
Email: may.loo@outlook.com
