Please refer to the Teaching Practice Grading System document for an overview of the grading scale.
Part 6: Practicum/Student Teaching

Practicum is an essential component to a teacher's training process, as it provides valuable insight and experience prior to obtaining independent teaching positions. International TEFL Academy requires that all students accumulate a minimum of 10 hours for TEFL/TESOL certification. These hours will be achieved through observation and student teaching.

Hands-on experience with English language learners provides an opportunity for teacher trainees to apply teaching principles to real-life situations, build confidence in their skill and pedagogical style, gain exposure to various learning styles and classroom situations, and acquire valuable teaching experience. These components will assist a teacher in feeling more prepared, as well as add a competitive edge during one's job search and interview process.

Part 7: Attendance Policy

Regular attendance is vital for success as an English teacher. Students who do not adhere to International TEFL Academy’s attendance policy will not be able to receive their TEFL Certification.

Students can miss up to a total of 8 hours of class, or one full day. If a student is more than 15 minutes late to class in the morning or after a break, it will count as one hour of being absent.

Part 8: Course Policies

Withdrawing From Your Course

Students who are unable to complete the Chicago TEFL Certification class must write a letter to International TEFL Academy stating that they will not be able to complete the course. Please refer to your ITA Terms and Conditions for a description of the withdrawal process.

Commitment to Integrity

As a student in this course you are expected to maintain high degrees of professionalism, commitment to active learning, participation, and integrity in your behavior in and out of the classroom. Cheating and Plagiarism will not be tolerated in this course.

Cheating is defined as “an act of lying, deception, fraud, trickery, imposture, or imposition. Cheating implies the breaking of rules.”

Plagiarism is defined as “the wrongful appropriation, close imitation, or purloining and publication, of another author's language, thoughts, ideas, or expressions, and the representation of them as one's own original work.”

If the student continues to plagiarize he or she will be automatically withdrawn from the class. Students who get caught cheating and/or plagiarizing on the Learner Profile will receive an automatic grade of “0” on the project, but will still be required to redo the assignment in order to pass the class.
