

# SUPER-TANE

## CETANE BOOSTER FOR DIESEL FUELS

**SUPER-TANE** is formulated to increase the Cetane rating of any diesel fuel used in any diesel engine.

### **BENEFITS:**

- **Increases acceleration dramatically**
- **Reduces NO<sub>x</sub> emissions**
- **Decreases starting time**
- **Reduces engine noise**
- **Reduces smoke and emissions**
- **Increases engine efficiency**

Diesel fuel combustion depends on the auto ignition quality of the fuel. Most diesel fuels do not consistently have the Cetane rating recommended by diesel engine manufacturers. **SUPER-TANE** increases the rating from 4 to 8 Cetane points, thus improving the fuel quality, combustion and engine efficiency.

### **RECOMMENDED TREAT RATIO:**

- 1 quart of Bell's **SUPER-TANE**  
to 250 gallons of diesel fuel.
- 1 gallon treats 1,000 gallons of diesel fuel.

Always add Bell's **SUPER-TANE** to the fuel tank prior to filling to ensure good mixing.

**We Made It First. We Make It Best.**
