

# GLASS CLEANER-GREEN

**e-clean Glass Cleaner** is a concentrate developed for easy fast and effective cleaning of glass, counters, sinks and other hard surfaces not harmed by water. Quickly cuts through the heavier soils deposited in factories, offices, schools, hospitals, hotels, motels, etc.

## How to use:

Mix 6 ounces of **e-clean glass cleaner** with one gallon of water or dispense from the **e-clean solution center (SC)**. **e-clean SC®** products are automatically diluted at the proper concentration.

Spray onto Micro fiber Mighty Mitt, cloth or paper towel in a course mist. Spread with a paper towel or cloth to fully cover surface and to loosen soil. Then with a dry paper towel or micro fiber cloth, wipe to a sparkling film-free surface.

*Packaged in half gallon as a super concentrate and 12/1 quarts*
