EPA Reg. No. 75266-1

Activate™ packaging reduces waste in your facility.

- ✓ Significantly more economical than wipes or other ready-to-use bleach products;
- ✓ Accurate spray dispenser eliminates human error in proper daily measuring and mixing of bleach, saving time and labor costs;
- ✓ Eliminates safety hazards of manually mixing bleach as well as the waste and inconvenience of discarding outdated bleach solution;
- ✓ Easy-to-install disposable bleach cartridges make approximately 1 gallon of useable solution;
- ✓ Sealed system prevents closed-cap concerns;
- ✓ Ergonomic, 3-finger trigger sprayer is comfortable to use;
- ✓ Sustainable packaging reduces plastic waste and saves in freight costs.
