

**SelectConnect**

**SelectConnect is CRIF Select's customizable indirect lending program technology.**

Indirect auto lending is our core business at CRIF Select. We specialize in building relationships between credit unions and dealerships in markets throughout the United States, helping you offer your members superior customer service and rapid disbursement of funds while maintaining the highest quality assurance standards on loan documents.

SelectConnect<sup>™</sup> is a convenient and easy-to-use loan origination system that's completely customized and managed by the lender. SelectConnect provides a direct link to DealerTrack and RouteOne to automate the entire automotive financing process including application submission, underwriting, funding and electronic documentation.

## COST-EFFECTIVE BUSINESS PROCESS OUTSOURCING

### AUTOMATING AND ACCELERATING YOUR AUTO LENDING PROCESS

#### Unmatched Coverage

SelectConnect delivers a direct connection to DealerTrack and RouteOne, the web-based dealer portals used to automate and accelerate the entire automotive financing process. Combined, DealerTrack and RouteOne are linked to over 23,000 auto dealerships nationwide and represent over 95 percent of the auto market, giving you an unparalleled level of coverage and the ability to compete with lenders of any size.

#### Simple and Straightforward Workflow

SelectConnect's interface with DealerTrack and RouteOne allows loan applications from your members to come directly to your credit union via a web-based portal. Based on your credit union's underwriting guidelines, these loan applications can be automatically decisioned. SelectConnect then helps you manage the processes for compliance and funding, including contract review, communication with the dealer and completing funding checklists. Finally, the system disburses the funds and books the business to your credit union's core system.
