

FAS Nonprofit Asset Accounting

FAS Nonprofit Asset Accounting is a comprehensive solution that provides advanced fixed asset accounting & reporting features.

FAS Nonprofit Asset Accounting enables you to allocate cost and depreciation for an individual asset or groups of assets to more than one funding source, create budgetary books for asset budgeting projections, and offers more than 30 recognized depreciation methods. These methods include MACRS 150% and 200% (formulas and tables), ACRS, Straight-Line, Modified Straight Line (formulas and tables), Declining Balance, Sum-of-the-Years-Digits, and user-defined depreciation methods.

FAS Nonprofit Asset Accounting enables you to manage the entire fixed asset lifecycles of all of your assets—from acquisition to transfers and disposals—and maintain reliable, relevant, useful data. FAS Nonprofit Asset Accounting provides easy-to-use fixed asset accounting, depreciation and reporting features for nonprofit organizations needing effective tools to ensure compliance with FAS requirements.

Offering more than 20 ready-to-use fixed asset reports for year-end financial statements and easy-to-use reporting tools for creating detailed custom reports, FAS Nonprofit Asset Accounting enables you to obtain the information you need quickly and accurately.

As the industry leader in asset accounting software, Sage Software develops innovative products, provides quality support, and is dedicated to surpassing your expectations in all aspects of our business. SIMPLE MIGRATION

With the import/export wizard, you can easily import your existing data into the FAS Nonprofit Asset Accounting database, integrate with your General Ledger solution and be up and running in no time at all.

COMPREHENSIVE REPORTING

FAS Nonprofit Asset Accounting provides an all-inclusive solution for recording all of the data for each asset, including a notes field with a time and date stamp for recording transactions involving the asset, and the ability to attach photos and documents. You can rest assured that you will eliminate duplication in asset reporting and facilitate clean audits.

FLEXIBLE CONFIGURATIONS

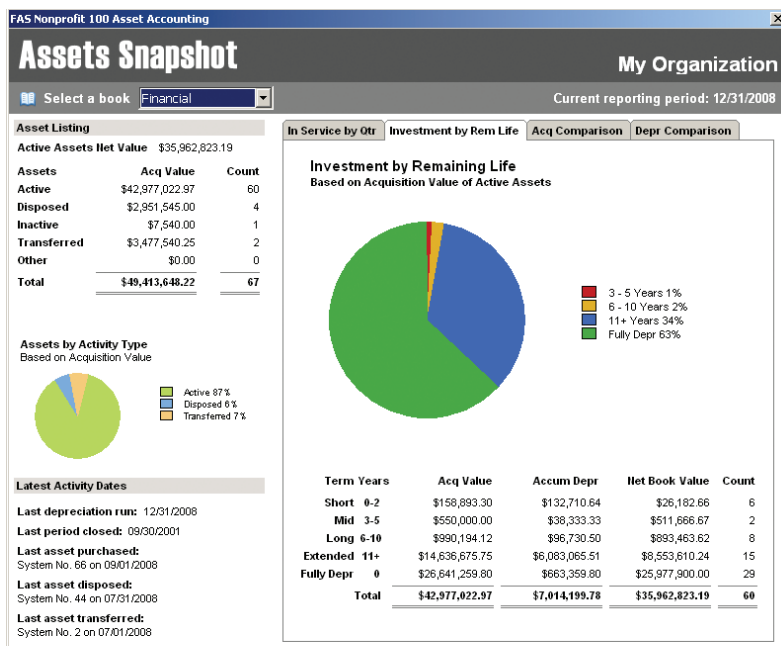

With the wealth of features offered including customizable data fields, SmartLists that provide predefined drop-down lists for fast and accurate data entry; a Group Manager that helps you organize and view only the assets you're interested in; and Asset Templates that promote data integrity and accelerate the process of entering new assets, you can customize your FAS Nonprofit solution to work the way you want to.

SECURE ACCESS

Security profiles can be defined differently for each individual user that has access to the system ensuring that only those that are allowed to change the data are able to.
