# Our Clients Speak!

"Since purchasing our new Kyocera photocopier from Leppert, the Church operations in the office have been made much easier and more efficient. The time saved, not having to retrieve jammed paper is phenomenal. Clear copies are also a plus. I really enjoy using the computer to print feature, saving precious time. I was recently privileged to meet Mrs. Leppert, who impressed me by the personal delivery of a back ordered cartridge, which was needed by me quickly. What a nice lady and what a nice company to work with!

Thank you!"

Carolyn Davies, Secretary,

"Our Document Management System has increased our efficiency and reduced the clutter....our clients see us as more professional..."

Paul Gibel, Partner  
MacGillivray Partners LLP

"We have had a Kyocera printer for approximately 5 months. During that time we have been able to significantly reduce our printing costs by doing 95% of our printing in house.

The machine does a quality work, but like anything mechanical, it does on occasion require technical assistance. The service staff at Leppert's has been most helpful. The staff are consistently pleasant and helpful. We have always received prompt and courteous service when we needed it."

Major Rob Howard  
Winterberry Heights Church  
Salvation Army

"Classy, relevant, personal: good adjectives for your presentation today. Compassionate too, because you are truly solving problems before they happen. What a gift!"
