

Get started for \$1.

The screenshot displays the Orchestrade Design Studio software interface. The main window shows a 3D model of a dental arch with various sections highlighted in different colors (yellow, cyan, red, blue, purple). The interface includes a menu bar (File, Edit, View, Tools, Help), a toolbar with icons for navigation and editing, and a central workspace. Below the workspace, there are several control panels and tables.

Control panels include:

- ABI: -
- OBi: -
- Facial: M/D, Intrusion (0.00)
- Lingual: M/D, Extrusion (0.00)
- Clockwise: Torque Facial, Tip M/D (0.00)
- Counter Clockwise: Torque Lingual, Tip M/D (0.00)

Setup panels include:

- Setup 0
- Setup 1
- Upper
- Section (checked)
- Section (checked)
- Section (checked)
- Section (checked)
- Section (checked)
- Section (checked)
- Section (checked)
- Section (checked)

Tables:

Linear Mesh	Facial	Lingual	M/D	M/D	Intrusion	Extrusion
Section	0.00	0.00	0.00	0.00	0.00	0.00
Section	0.00	0.00	0.00	0.00	0.00	0.00
Section	0.00	0.00	0.00	0.00	0.00	0.00
Section	0.00	0.00	0.00	0.00	0.00	0.00

Rotation Mesh	Clockwise	Counter Clockwise	Torque Facial	Torque Lingual	Tip M/D
Section	0.00	0.00	0.00	0.00	0.00
Section	0.00	0.00	0.00	0.00	0.00

Only \$1
for the first month

Right now get started with the Orchestrade Design Studio for \$1.

- » Use it for an unlimited number of cases.
- » Create as many or few models for aligners as needed - no wasted trays.
- » Use any existing orthodontic scanner or send models to the Orchestrade Lab.
- » Pay only \$15 per printed model.
- » Fabricate aligners, retainers, and more!
- » Only \$299/month after the first month.
