

Stuckey & Company Introduces Online Application for Personal Lines Insurance.

Stuckey's new online application gives potential insureds a convenient way to apply for Homeowners, Watercraft and Auto insurance, along with the flexibility to choose a local agent. For licensed insurance agents, the online application expedites the quoting process and helps them secure new business faster.

Lake Saint Louis, Mo. – October 26, 2010 – Stuckey & Company, a leading provider of commercial and personal lines insurance programs, has introduced an online application that makes it easier than ever for consumers to apply for and receive appropriate insurance coverage from local agents. The online insurance application, available at www.stuckey.com, takes about 15 minutes to complete, and both agents or insureds can complete the application and receive a detailed quote proposal. The application can be used for Homeowners insurance, Auto insurance, and/or Watercraft coverage.

According to Dwight Stuckey, president of Stuckey & Company, the online application streamlines the quoting process, and allows Stuckey & Company to accurately quote these competitive personal lines products. “Our online application is quick and easy, so whether it’s an experienced agent who fills it out, or a homeowner applying for the first time, they will both be able to receive a comprehensive quote for the coverage they need.” For agents that prefer to submit a written application, there is also a downloadable application available at www.stuckey.com.

Stuckey & Company is well-known for its commercial insurance programs and tailored professional liability programs for technology firms, architects and engineers, and other specialized risks. Over the past several years, Stuckey has also added high-quality Personal Lines coverages that are sold through a network of 8,000 licensed insurance agents. Stuckey’s Personal Lines program offers access for agents who would not otherwise have access to such a high-quality program. Eligible classes, including High Value Home Insurance, are listed on the Stuckey web site at <http://www.stuckey.com/products/personal/>, and Stuckey & Company can even quote personal umbrellas with limits up to \$50 million dollars.

Stuckey’s Personal Lines program has no minimum production requirements, and offers very competitive commissions for agents. Stuckey offers 50 rate tiers for Auto insurance, and quotes 95% of all Auto submissions. In addition to the convenience of the online application, agents can request automatic policy issuance and endorsements, as well as direct bill downpayment and automatic renewals.
