

#### Bryna Wortham Whole Foods Market

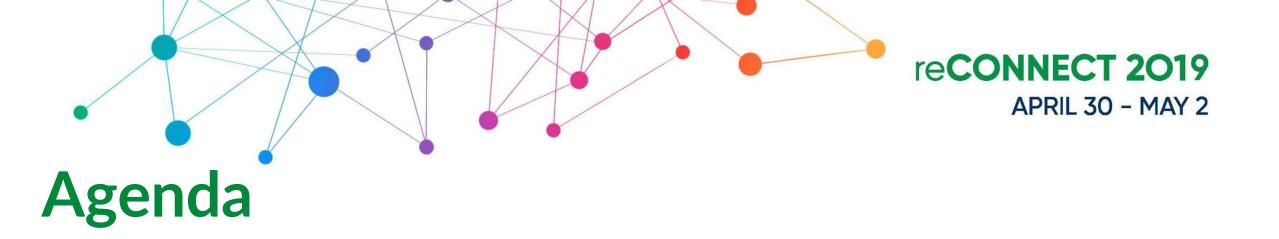

Victoria Goss Whole Foods Market

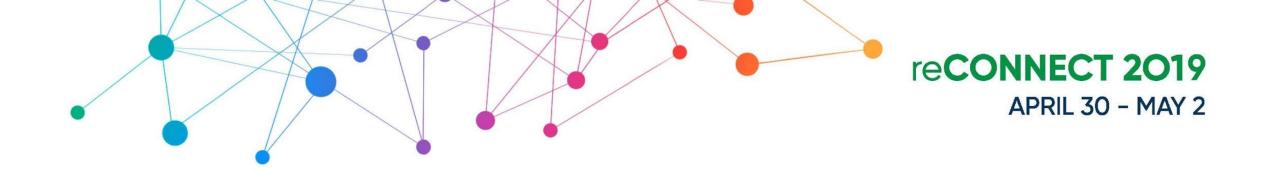

# **Recall Readiness & Response**

- Who are we?
- Why did we do it?
- How did we did it?
- What did we gain?

# WHO are we?

# Whole Foods Market

#### We are growing!

- Opened first store 1980 Austin, Texas
- Today, 500 stores in the United States, spread across 12 regions

APRIL 30 - MAY 2

reCONNECT 2019

#### **Global Quality Assurance**

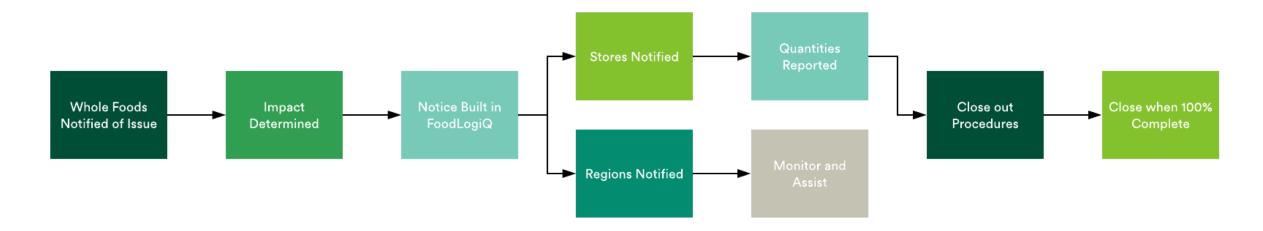

**Business Process Improvement** 

- Define business processes
- Liaison between business teams and tech
- Provide high touch support for our team members
- Continuous Improvement

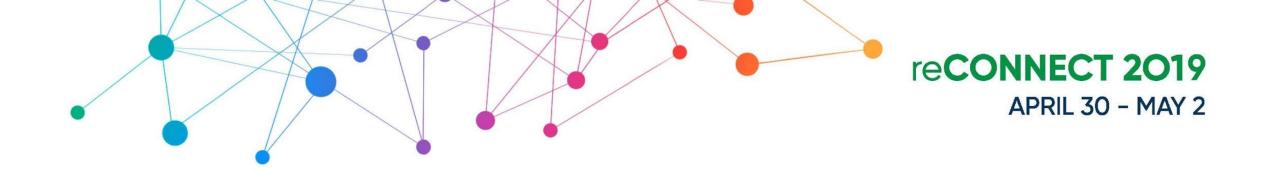

#### What does our Process Look like?

# WHY did we do it?

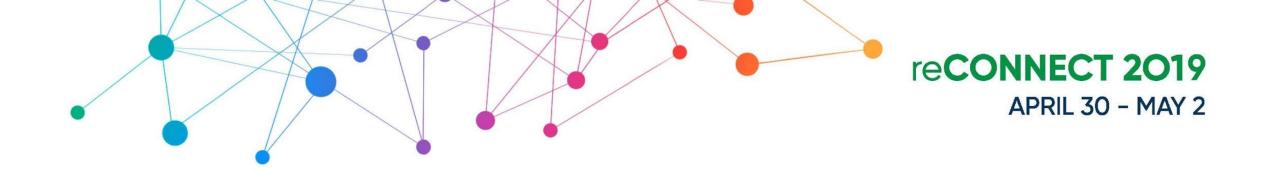

## Why did we launch a new recall tool?

- Improved speed of notification and response
- Streamlined process to provide more accurate information
- Complete transparency into store responses
- System generated escalations
- Robust reporting

# HOW did we do it?

APRIL 30 - MAY 2

reCONNECT 2019

#### **Recall + Response Roll Out**

- January 2018 June 2018
- ~480 Stores/Facilities
- 10,000+ Team Members

- Document current process
- Detail proposed process changes
- Identify system requirements
- Document gaps and establish work arounds

- Build removal templates
- Internal testing
- Create training materials

- Leadership buy in
- Communicate to regions and stores
- Mock recall testing series with stores
- Mock recall testing with regions

- "How To" launch day webinar
- Data migration
- Go live mock recall
- Store access confirmation

FoodLogiQ

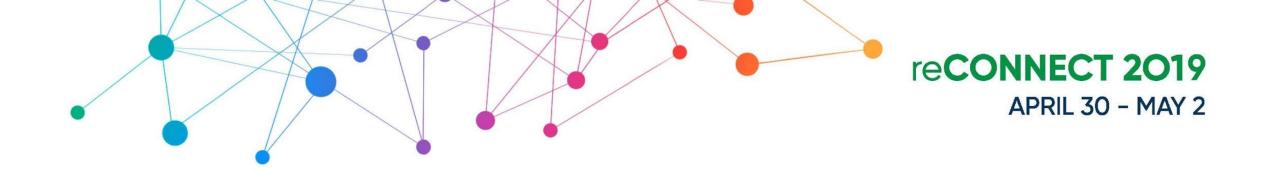

## **Learning Through Mock Recalls**

Originally Planned: 10

Actual... 20

# WHAT did we gain?

#### reCONNECT 2019

**APRIL 30 - MAY 2** 

#### **Benefits of R+R for Whole Foods Market**

Notifications	Tracking	Escalations							
Streamlined Process	Live visibility of affected store response	Automatically engages leadership							
Targeted Communication	Report on quantity of product pulled	Implement process improvements							
Provide thorough information and instruction in timely manner	Track team members responsible	Change behavior							

### Why we were successful

- Strong, robust communication plan
- Ample practice opportunity
- Robust support process
- Well thought out templates and process
- Partnership with FoodLogiQ
