

Guide to Modify License to SNL (From Stand-Alone)

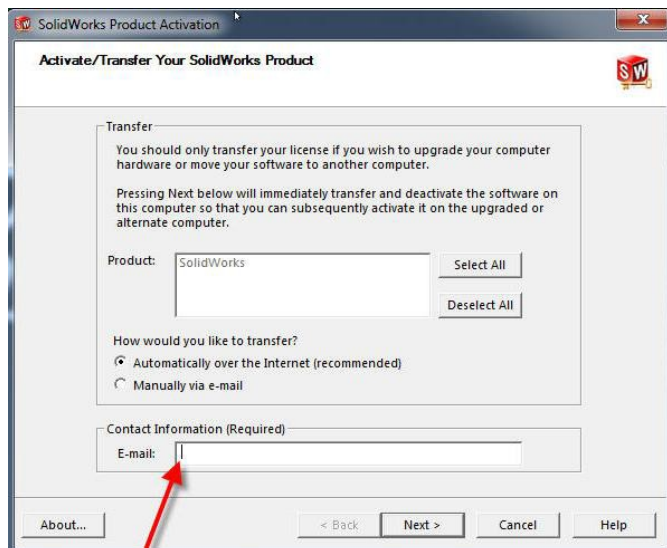

From Client Computer (Non - Administrator)

To change individual SOLIDWORKS computers from Stand-Alone to operate on the License Network, follow the steps below.

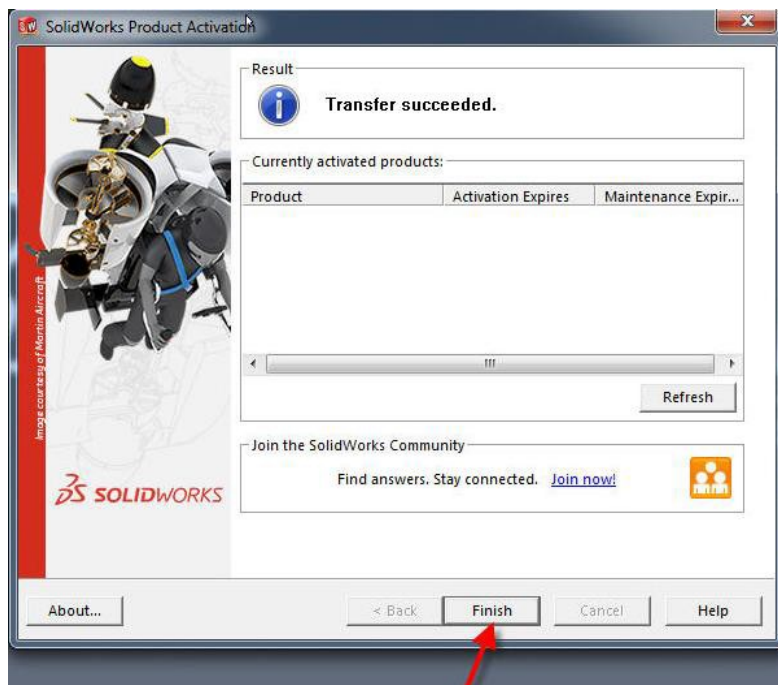

STEP 1: With SOLIDWORKS open - Navigate to help drop down menu and select **Deactivate Licenses**:

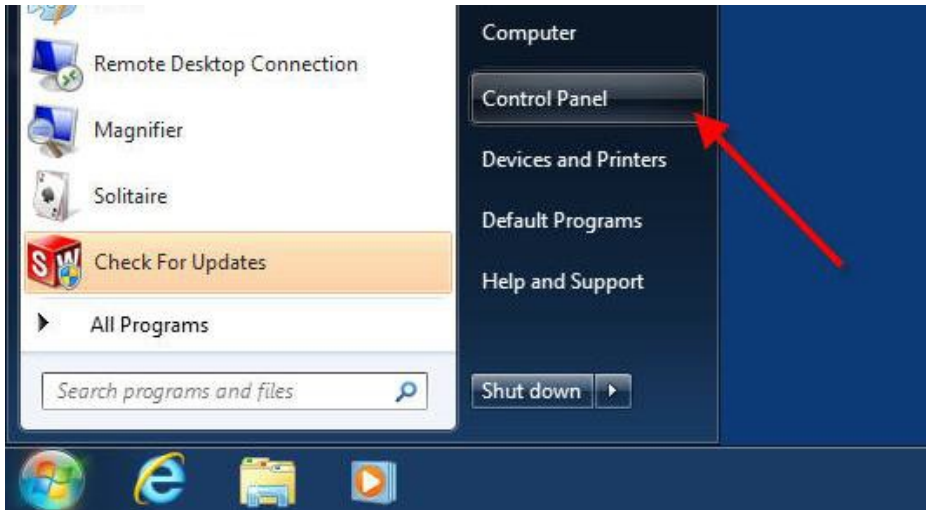

STEP 2: Select your products then enter your Email Address and click Next:

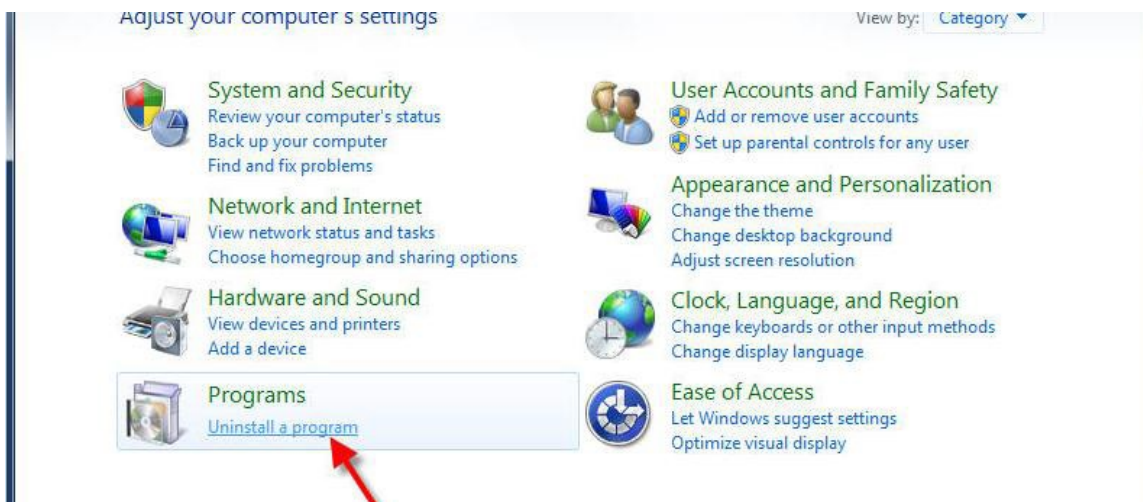

STEP 3: Select the Finish button to complete:

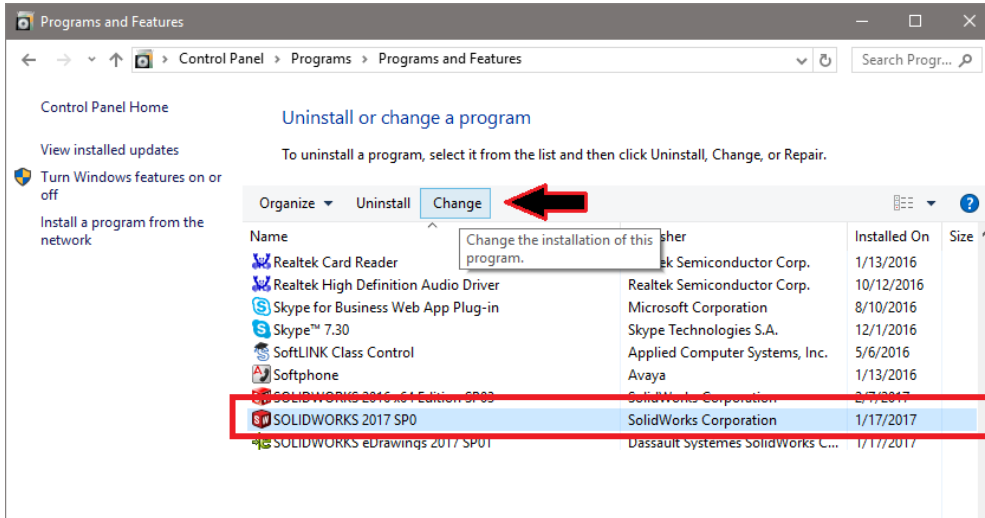

STEP 4: Navigate to Start menu and click **Control Panel**:

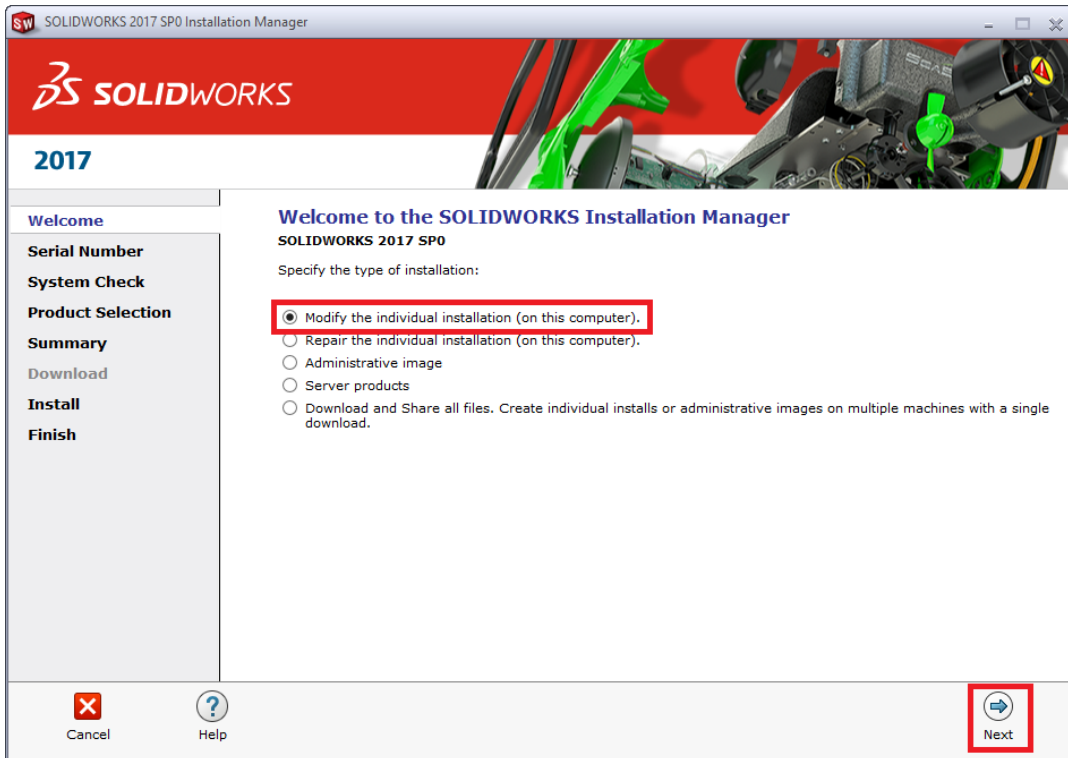

STEP 5: From the Control Panel, select **Uninstall a program** (this allows us to access SOLIDWORKS settings beyond uninstall):

STEP 6: Select **SOLIDWORKS** in the programs list and Choose **Change**:

STEP 7: Choose **Modify the Individual Install (on this computer)** and click **Next**:

STEP 8: Enter the new **Network** License Number:

Serial Number

Enter your serial number information.

SolidWorks Standard, Professional, Premium or SolidNetWork License

--	--	--	--	--	--

STEP 9: Select desired products and click **Next**:

Product Selection

Select products to add or remove. Selected products will remain on the computer, unselected products will be removed from the computer.

* Indicates a change has been made.

SolidWorks Premium
