

EMPOWER YOUR **MOTOROLA** **TLK 100**

Advance Communicator

FEATURES

- Convenient Desktop operation
- Cellular or Push-to-Talk (PTT) mode
- Talk hands-free or use handset for private conversations
- PTT button on back of handset and on base unit
- Output for recording device

The AdvanceCommunicator™ converts the Motorola© TLK 100 Push-to-Talk (PTT) phone into a convenient stand-alone Desktop base station. Built-in rapid charger ensures that the docked phone is ready for use when removed from the docking cradle. Incoming and outgoing dispatch communications can be recorded onto an external recording device or computer via the 3.5mm socket on the back of the unit
