

3/17/2020 - Submit your Questions for a Live Webinar

In times like these, we know you are focused on the most immediate and highest priority issues in your facility. We want to reassure you there is no need to worry about the water systems in your facility when they are being properly managed. Phigenics is ready to support you in all of your water management needs.

On Tuesday, March 24, 2020 at 1:30PM CST, Dr. William McCoy, Phigenics' Chief Technology Officer, will be available to answer your questions regarding the impact of the COVID-19 pandemic on facility water management. The purpose of the webinar is to provide confirmation that by taking very simple steps, your employees, visitors, and organization can be confident your water systems are safe.

Dr. McCoy will be ready to answer any questions you have during the webinar. Please also feel free to send questions in advance.

The webinar will be recorded.
