

3/16/2020 - Supporting Your *Legionella* Testing Needs

We understand the importance of maintaining the safety of your water system in this difficult situation. In the current environment, it's important to manage water safety.

We are ready to help. Our labs are operational and can send *Legionella* testing supplies with comprehensive instructions to you within 24 hours. We will help ensure water safety across your facility, even areas which are currently unoccupied, so you can continue to manage your water systems.

As the global situation with COVID-19 continues to evolve, contact us with any questions at [info@phigenics.com](mailto:info@phigenics.com) or 1.844.850.4087.

Regards,

Phigenics, LLC
