

Diane M. Hartman, MD

Board-certified urologist specializing in gynecologic urology and robotic surgery

OVERVIEW

One of the most experienced female urologists in the Denver area, Dr. Hartman's expertise and personalized, comprehensive care led to her being named a Top Doctor in Urology by

5280 magazine in 2012. Dr. Hartman specializes in urologic surgery, including minimally invasive da Vinci® robotic surgery.

As a general urologist, Dr. Hartman enjoys treating patients of all ages for any type of urological condition. However, she maintains a focus in gynecologic urology, offering comprehensive treatment for pelvic organ prolapse and incontinence. She also has extensive experience in treating cancer of the kidney, bladder, and prostate.

Dr. Hartman has published numerous research articles in her field, and her drive to deliver the latest evidence-based treatments has led to several honors. As a partner at Foothills Urology, Dr. Hartman enjoys the opportunity to build one-on-one, personalized relationships with each of her patients. She works carefully to develop treatment plans that are based on each patient's unique condition, lifestyle, and goals.
