# International Rescue Committee Case Study

Increasing donations for refugees with Facebook

“Facebook is a key ingredient in our digital marketing success... We are able to drive more donations as well as build our list of prospects and new donors in ways that we can’t on other platforms.”

\$5.2M

Raised from Facebook ads

International Rescue Committee wanted to try square video ads in all placements, including Facebook, Instagram and Audience Network, to increase online donations to its year-end giving campaign. IRC found that results improved when it selected the automatic placements option in Facebook’s Ads Manager, which allows Facebook to decide the most appropriate place for the ad to run.

**Awareness**

- Brand awareness
- Reach

**Consideration**

- ✓ Traffic
- App installs
- Video views
- Lead generation
- Post engagement
- Page likes
- Event responses
- Messages

**Conversion**

- Conversions
- Catalog sales
- Store visits

- **Measure What Matters:** Website conversion ads work with the Facebook Pixel on your website, so you can reach site visitors who are most likely to donate—and keep track of how many people convert.
- **Prompt An Action:** Define the action you want people to take—from visiting your site to making donations

# Promote Link Ads with 'Donate Now' Call to Action

Get people to your website and inspire them to take the action you care about.

- **Easy to Reach Your Site:** The entire ad is clickable, so people will be directed to your web page whether they click the image or the button.
- **Grab People's Attention:** You can feature thumb-stopping videos, photos or image carousels in your link ads.
- **Get People to Act:** Choose the button that correlates to your goal to get people to take your desired action.

# Profits

Optimize to the people who donate the most.

# Use Value Optimization for the Biggest Donations

Optimize campaigns to focus on donation value and drive strong Return on Ad Spend

- How it works
  - Our system observes donation values passed by your Facebook pixel
  - Based on donation values, it estimates how much a person may donate over a seven day period
  - Your bid is automatically adjusted to reach people who are likely to donate more at a lower cost to you
- The Results: More high-value donations and stronger ROI
