Description
The 4XZM Zone Relay Module is an optional module with zone/function relays for use with the AUTOPULSE® 442R and AUTOPULSE 442D control systems. Listings for this module are under the control unit.

The Zone Relay module provides Form-C general alarm and trouble contacts, plus four Form-C relays that activate with each of the four output circuits. These relays can be silenced/non-silenced by jumper option.

Technical Information
Dry, Form-C contacts rated for:
2.0 amps @ 30 VDC (resistive)
0.5 amps @ 30 VAC (resistive)
