

Industrial Dry Chemical

Pressure Operated Release

Effective: June 2012

K-83-022**P/N 81-874290-000****DESCRIPTION**

Pressure Operated Releases are used to close off the hazard space upon system discharge. Using system pressure, the release is designed to operate self-closing units for doors, windows and dampers. The maximum load to be attached to a pressure release is 100 lb. (this is based on a minimum pressure of 75 PSIG at the release).
