WORKERS' COMPENSATION REPORTING TIPS

– ATTENTION – YOU MAY BE FINED IF YOU DO NOT REPORT ON-THE-JOB INJURIES ON TIME

You must complete an Employer's First Report of Injury immediately after an on-the-job injury occurs and forward the report to Argent. **You may be fined if you do not submit the report on time.**

Report online, fax, or email the Employer's First Report of Injury even if you do not have all the information about the injury.

- Do not wait for medical bills.
- Do not withhold the Employer's First Report of Injury because you believe the claim is questionable. Reporting a loss is not an admission of liability.
- Be sure to include the claim number on all correspondence.

Claim Reporting Options for NEW LOSSES ONLY:

- Online Reporting (Insured Access) - Our online reporting system is referred to as Insured Access. **Online claim reporting is our preferred method**, and allows you to instantly obtain confirmation of your report, as well as the claim number. Insured Access also allows you to have limited access to claim notes, claim reserves, and loss control resources. In order to set up Insured Access, please contact your dedicated claim representative. Or,
- Fax: 888-926-9299 or,
- Email: ArgentWCCLossScanCtr@wbmi.com

Do not withhold the Employer's First Report of Injury for any reason. You may be fined if the claim representative cannot make the initial lost time payment because you failed to send the Employer's First Report of Injury on time.

If you need to notify your agent, please send your agent a copy of the Employer's First Report of Injury and indicate the report has been filed with Argent. Direct reporting saves time.

If you have any questions, please call your claim representative.

For any follow up correspondence, please refer to the below instructions:

Submit follow up correspondence with the claim number to:

- Fax: 888-926-9299
- Email: Argent_WCC_scan_ctr@wbmi.com

HOW TO WRITE INJURY DESCRIPTIONS

The following instructions will help you avoid some common errors and save time when describing an injury on the Employer's First Report of Injury form.

For most accidents, you can describe what happened in one or two sentences. "He strained his lower back lifting a box." "She bruised her left knee when she fell on a wet floor." However, your descriptions must be specific. "Hurt back working" does not provide enough information.

Answer the following questions when describing an injury:

1. What part of the body was injured?

- Lower back
- Right forearm
- Upper right leg
- Third toe on left foot

2. How did the accident happen?

- Did the person fall?
- Did they twist their body as they got out of a chair?
- Were they moving or stationary when the accident happened?

3. Was the injured person carrying anything?

Even if it probably didn't cause the injury, we need to know if the person was carrying anything. For example, "Carrying broom, stepped wrong and twisted left ankle."

4. What specifically appears to have caused the accident?

If someone hurt their back lifting a box, say that. Don't say:

- Lifting a unit of material
- They hurt their back lifting product
- Lifting equipment

Avoid jargon or trade names for equipment. Explain precisely what they were doing.

- Lifting an air conditioner
- Pushing a cart
- Carrying magazines
- Bending over to pick up a wrench

If a machine caused the injury, tell us what kind.

- A grinder
- A shear
- A hoist

Again, avoid jargon or trade names.

5. What injury appears to have resulted?

- Strain
- Fracture
- Bruise
- Cut

Please be sure to include the injured person's birthdate or age and Social Security number. Also, indicate the geographical location of the accident (city, county, and state).

WORKERS COMPENSATION COST CONTAINMENT INITIATIVES

Argent participates in several medical cost containment programs. The use of these programs helps reduce your workers' compensation expenses. A brief summary of each program is outlined below.

If you have any questions about any of the programs we offer, please call your dedicated claim representative at 888-236-5008.

PHARMACY PROGRAM

This program is designed to provide discounts on workers' compensation prescriptions submitted by your injured worker's. This service is provided by a national pharmaceutical management company using a network of retail pharmacies.

How the program works:

1. The injured worker files a workers' compensation claim with employer, seeks medical treatment, and receives a prescription from a provider.
2. The injured worker presents the prescription along with the temporary ID form to a participating pharmacy where the claim is electronically submitted by the pharmacy to our vendor.
3. Once Argent receives notification of the claim from the employer, an employee ID drug card is issued, along with a list of participating pharmacies and instructions on the use of the program.
4. The injured worker presents the ID drug card to a participating pharmacy for any workers' compensation prescriptions.
5. High cost/long term use medications are conveniently supplied through our vendor's mail service pharmacy.

DIAGNOSTIC TESTING PROGRAM

Using the services of a diagnostic management vendor, we can save money on diagnostic tests (i.e., CT scans, MRIs, EMGs, etc.) the treating provider orders for injuries an employee sustains in a work-related incident. Our vendor will schedule the test then notify the injured worker of the date, time, and location. Once the test is performed the films/x-rays will be forwarded to the referring provider.

To make this program successful, we ask that you encourage your employees to contact their Argent claim representative as soon as their provider orders a diagnostic test. We will handle it from there.

MEDICAL COST CONTAINMENT

Strong medical management brings about the early and safe return to work of your employees and reduces claim costs. In order to control the medical bill costs, we contract with a medical bill review service. All of our medical provider charges (hospital, physician, physical therapist, chiropractor, and pharmaceutical) are verified for the appropriateness of the charge, and to determine if they adhere to state mandated fee schedules or local usual and customary (U&C) reimbursement levels. This process often reduces our medical expenses by 10-30%.

Another way we are containing costs is through the use of PPO Networks. The Preferred Providers have agreed to discount their billings to the agreed upon PPO Network rates for our insured's injured workers. This in turn keeps your premium costs down.

Your support in encouraging your injured workers to use a PPO provider is important. It sends an important message to the medical care providers that we support them in their effort to offer quality, cost effective care to patients.

For a list of PPO's in your area, please visit our website, www.argentworkerscomp.com for a link to the PPO Directory.

Subrogation

What is subrogation? Subrogation is process by which an insured/insurer can recover the amount paid on a claim from a legally-liable party. The workers' compensation policy grants the insurer subrogation recovery rights.

Why is subrogation important to your business? Subrogation allows the first- party payer (typically the insurer) to recover money paid from the liable party, thereby reducing the total costs incurred, as well as your experience modifier. This means your premium will not increase if an employee is injured in an accident for which someone else is liable.

How can you help our subrogation efforts to maximize recoveries?

- Discuss/explain the subrogation process in your safety committee meetings.
- Advise employees who work at or travel to other worksites to notify you and the off-premises property owner of any unsafe exposures, such as accumulated snow/ice, cluttered walkways, unsafe stairways, generally slippery floors, poor lighting, etc.
- Educate employees who work at or travel to other worksites to take photographs of off-premises accidents, such as motor vehicle accidents, falls from ladders, construction scene accidents, etc.
- For construction site accidents, provide the name of the general contractor and a list of all subcontracts involved.
- Advise your employees to immediately notify the property owner when/where the accident occurred.
- Report the workers' compensation claim to Argent immediately; subrogation investigations are extremely time sensitive.
- When applicable, provide Argent or our representative with copies of rental agreements, contracts, owner's manuals, maintenance records, photographs, diagrams, invoices, certificates of insurance, etc.
- Do not discard or repair any equipment that may have led to your employee's injury (i.e., broken ladder). The item may need to be inspected/tested by an independent engineer.

Subrogation considerations:

- Would the at-fault party pursue a liability claim against your company if the tables were turned?
- If the injury to your employee and its effect on your employee's family were life changing, would that influence your decision to subrogate?
- Should your insurance premiums increase because of exposures you can't control?

COMPENSACION A LOS TRABAJADORES

es un sistema de beneficios que por ley se provee a la mayoría de trabajadores que se han enfermado o accidentado en el trabajo. Los beneficios son pagados por lesiones que son causadas en parte o completamente por el trabajo del trabajador. Esto puede incluir el agravante o una condición pre-existente, lesiones causadas por uso repetitivo de una parte del cuerpo, ataques cardíacos, o cualquier otro problema físico causado por el trabajo. Los beneficios son pagados sin importar la causa.

SI USTED SUFRE DE UNA LESION O ENFERMEDAD RELACIONADA AL TRABAJO, USTED DEBE TOMAR LAS SIGUIENTES MEDIDAS:

- 1. OBTENGA AYUDA MEDICA.** Por ley, su empleador debe pagar por todos los servicios médicos necesarios que se requieran para aliviar los síntomas de lesión o enfermedad. Si es necesario, el empleador debe pagar por rehabilitación física, mental o profesional dentro de los límites establecidos. El trabajador puede escoger dos doctores, cirujanos u Hospitales. Si el empleador le notifica que tiene un programa de proveedor preferido (PPP) aprobado para la compensación de trabajadores, el PPP cuenta como una de las dos opciones de proveedores.
- 2. NOTIFIQUE A SU EMPLEADOR.** Usted debe notificar a su empleador del accidente o enfermedad dentro de 45 días, ya sea por escrito o verbalmente. Para evitar posibles demoras, es recomendable que la nota incluya su nombre, dirección, número telefónico, número de Seguro Social, y una breve descripción de la lesión o enfermedad.
- 3. CONOZCA SUS DERECHOS.** Su empleador por ley debe reportar accidentes que resulten en más de tres días de ausencia al trabajo, a la Comisión de Compensación para Trabajadores. Una vez que el accidente es reportado, usted recibirá un manual que explica la ley, beneficios y procedimientos. Si necesita un manual, por favor llame a la Comisión o visite nuestra red.
Si usted tiene que faltar al trabajo para recuperarse de la lesión o enfermedad, usted tiene derecho a recibir pagos semanales y atención médica necesaria hasta que este capacitado para regresar a trabajar y que el trabajo este de acuerdo a sus capacidades.
Es contra la ley que el empleador moleste, despida o se niegue a reemplazar o de alguna manera discrimine contra un trabajador por ejercitar sus derechos de conformidad con las leyes que rigen el seguro de accidentes de trabajo de enfermedades profesionales. Si usted hace una demanda fraudulenta, podrá ser castigado por la ley.
- 4. MANTENGASE DENTRO DEL LIMITE DE TIEMPO.** Usualmente, las quejas deben ser presentadas dentro de los primeros tres años del accidente o incapacidad de una enfermedad profesional, o dentro de dos años del último pago de compensación de trabajo, lo que sea más reciente. Quejas por neumoonosis, exposición radiológica, asbestos, o enfermedades similares tienen requerimientos especiales.

Los trabajadores accidentados tienen derecho para volver a abrir su caso dentro de 30 meses después que la Comisión haya otorgado una decisión y la incapacidad haya incrementado, pero en casos resueltos por una suma global aprobada por la Comisión no pueden volver a abrirse. Únicamente las decisiones aprobadas por la Comisión son obligatorias.

WORKERS' COMPENSATION

is a system of benefits provided by law to most workers who have job-related injuries or illnesses. Benefits are paid for injuries that are caused, in whole or in part, by an employee's work. This may include the aggravation of a pre-existing condition, injuries brought on by the repetitive use of a part of the body, heart attacks, or any other physical problem caused by work. Benefits are paid regardless of fault.

IF YOU HAVE A WORK-RELATED INJURY OR ILLNESS, TAKE THE FOLLOWING STEPS:

1. GET MEDICAL ASSISTANCE. By law, your employer must pay for all necessary medical services required to cure or relieve the effects of the injury or illness. Where necessary, the employer must also pay for physical, mental, or vocational rehabilitation, within prescribed limits. The employee may choose two physicians, surgeons, or hospitals. If the employer notifies you that it has an approved Preferred Provider Program for workers' compensation, the PPP counts as one of your two choices of providers.

2. NOTIFY YOUR EMPLOYER. You must notify your employer of the accidental injury or illness within 45 days, either orally or in writing. To avoid possible delays, it is recommended the notice also include your name, address, telephone number, Social Security number, and a brief description of the injury or illness.

3. LEARN YOUR RIGHTS. Your employer is required by law to report accidents that result in more than three lost work days to the Workers' Compensation Commission. Once the accident is reported, you should receive a handbook that explains the law, benefits, and procedures. If you need a handbook, please call the Commission or go to the Web site.

If you must lose time from work to recover from the injury or illness, you may be entitled to receive weekly payments and necessary medical care until you are able to return to work that is reasonably available to you.

It is against the law for an employer to harass, discharge, refuse to rehire or in any way discriminate against an employee for exercising his or her rights under the Workers' Compensation or Occupational Diseases Acts. If you file a fraudulent claim, you may be penalized under the law.

4. KEEP WITHIN THE TIME LIMITS. Generally, claims must be filed within three years of the injury or disablement from an occupational disease, or within two years of the last workers' compensation payment, whichever is later. Claims for pneumoconiosis, radiological exposure, asbestosis, or similar diseases have special requirements.

Injured workers have the right to reopen their case within 30 months after an award is made if the disability increases, but cases that are resolved by a lump-sum settlement contract approved by the Commission cannot be reopened. Only settlements approved by the Commission are binding.
