

West Bend supports the YWCA of Greater Green Bay

WEST BEND, WI (December 6, 2019) – On Friday, December 6, West Bend and Paroubek Insurance in DePere, Wisconsin, had an opportunity to see the great work accomplished by the YWCA of Greater Green Bay and support their endeavor with funding distributed from the West Bend Mutual Charitable Trust.

The YWCA has been insured by West Bend's specialty division through Paroubek Insurance since 2016. West Bend associates, along with representatives of the agency, presented a check for \$5,000 to employees of the YWCA.

The YWCA's mission is to eliminate racism and empower women. The funding provided by West Bend will be dedicated to the Women's Empowerment Center (WEC) and a program entitled "Outfitting Women For Success" that provides free educational and networking opportunities to women in the community.
