PROMOTION CODE: 180

Visit **www.neclease.com** or call an **NEC Financial Services** representative at **800-451-5361** for further details.

This lease offer is available through NEC Financial Services, LLC ("NECFS") to qualified commercial business customers located in FEMA declared disastrous areas, subject to credit approval and acceptable lease documentation and other terms and conditions as may be required by NECFS in its sole discretion. Minimum equipment cost to qualify for this lease promotion is \$3,000 (exclusive of sales tax). The actual term of the lease will be sixty-six (66) months, with the first monthly lease payment due six (6) months after the commencement of the lease. Cost of software, SWA, licenses and installation qualify for the Fair Market Value ("FMV") end-of-term purchase option provided they do not exceed 50% of the total cost of all hardware and these soft costs combined. Costs for Maintenance that are in excess of the preceding must be blended using the \$1.00 promotional lease rate. Maintenance may be added as a pass through under the guidelines of our Pass Through Maintenance Program. This offer may be withdrawn or changed by NECFS at any time and without notice or obligation. Lease rate quoted does not include applicable sales or use tax. No sales assistance fees (SAF/VSF) are permitted under this promotion. Applicants must be in business at least 2 years to be considered for this offering. Applications must be submitted by March 31, 2018. Qualifying leases must be funded by June 30, 2018.
