## SESSION DESCRIPTIONS

Room #1

**Title: EPM Add-In Performance Improvement**

**Description:** Users' satisfaction often hinges on the responsiveness of the system as perceived through reports and input templates. This session will cover common bottlenecks for performance and a systematic troubleshooting approach to remove guesswork and anxiety from the speed resolution process.

**Time:** 9:30 - 10:30

**Title: SAP Analysis for Microsoft Office: Overview**

**Description:** BusinessObjects Analysis, Edition for Microsoft Office is an add-in to Microsoft Office enabling multi-dimensional analysis of SAP, BPC, and MDX data sources. In this session, you will learn about the different plug-ins, requirements, and capabilities of the Analysis Add-In and how it differs from the EPM Add-In. You will also learn how to insert different types of data sources for your analysis, including how you can modify your existing analysis by utilizing the Analysis Design Panel.

**Time:** 10:30 - 11:00

**Title: Fundamentals of Metadata**

**Description:** Better understand dimensions – the building blocks of report creation – and the reporting and performance implications of adding properties and hierarchies.

**Time:** 11:15 - 12:15

**Title: BPC Web: Reports & Input Forms**

**Description:** Leverage reports and input forms created in BPC Web for greater end user ease of use, as well as simpler navigation in conjunction with Business Process Flows (BPFs).

**Time:** 12:15 - 13:00

**Title: Moving Beyond the First BPC Deployment**

**Description:** BPC deployments often take some blood, sweat and tears to go live...what should customers target as next steps after that initial deployment? How to shift gears from installation to value creation.

**Time:** 13:45 - 14:30

**Title: BPC Product Update + SAP Analytics Cloud: Present & Future**

**Description:** Hear the latest BPC updates directly from SAP! They are actively enabling solutions with Cloud and on-premises deployment options, while enhancing BW/4HANA, BPC, and SAP Analytics Cloud.

**Time:** 15:15 - 16:00

**Title: Customer Panel: Optimizing the Value of BPC & What Analytics Cloud and BPC Embedded Mean for Your Roadmap**

**Description:** EPM projects require significant resource investments. Attend this session to find out how to reasonably structure your ROI goal with tips from current BPC customers on how they maximize value from their investment.

**Time:** 16:00- 16:45

## SESSION DESCRIPTIONS

Room #2

**Title:** How Darwin EPM IS Revolutionising SAP BPC Implementations

**Description:** Darwin EPM is a potent alternative to custom solution development on the SAP BPC platform. Ideal for companies seeking high value solutions that can be deployed quickly, and with greater out of the box functionality than typical solutions. Easier to use, faster to deploy, lower cost maintenance, along with reducing your risk by starting with a solution that has Best Practices built into the foundation. Attend this session to find out how Darwin EPM can help you maximize your SAP BPC investment.

**Time:** 13:45 - 14:30

**Title:** SAP BPC Case Study

**Description:** TBA

**Time:** 14:30 - 15:15
