

## **Specialty Technical Publishers (STP) Announces the Publication of Environmental Auditing: Air Quality Management in Yolo-Solano, California**

*Guide Covers Regulations Established by the Yolo-Solano Air Quality Management District (YSAQMD), Applicable to Most Manufacturing and Service Industry Facilities*

Vancouver, B.C., Canada ([PRWEB](#)) October 25, 2017 -- Specialty Technical Publishers (STP), premier North American publisher of audit, compliance and risk solutions, today announced the publication of [Environmental Auditing: Air Quality Management in Yolo-Solano](#). The new guide provides audit checklists for the air quality management rules and regulations applicable to facilities located in the Yolo-Solano Air Quality Management District (YSAQMD), which covers all of Yolo County and the northeast portion of Solano County, including Vacaville, Dixon and Rio Vista. In general, local districts in California are responsible for developing and enforcing regulations for the control of stationary sources of emissions. This guide covers regulations established by the YSAQMD applicable to most manufacturing and service industry facilities, and also includes state-wide air quality rules that are applicable within the district. Coverage of federal air quality rules applicable in California is included within the Air Quality module of [Environmental Auditing: Integrated Federal and California Compliance](#).

The following rulebooks are included with this publication:

- YSAQMD General Requirements
- Organic Compounds
- Emissions Standards and Other Requirements (i.e., NSPS, HAPS, and NESHAPS)
- State Wide Air Quality Requirements

This Yolo-Solano publication is offered in conjunction with Environmental Auditing: Integrated California and Federal Compliance Guide, which covers Federal Air Quality Management in California Bay Area and South Coast as well as other topic modules.

Developed by audit and compliance experts, Specialty Technical Consultants, these publications complement [STP's Federal and California Environmental Auditing guides](#) and cover air quality requirements that apply broadly to a variety of industrial operations.

The guides are an essential resource for environmental and occupational health and safety professionals, attorneys, corporate counsel, air quality auditors, manufacturing companies, chemical companies, senior EHS management, and regulatory agencies.

The guides deliver the following benefits to users:

- Field-tested by recognized experts
- Help ensure compliance
- Allow demonstration of due diligence
- Help avoid citations and fines
- Allow experienced auditors to expedite their assessment
- Allow less experienced auditors to review detailed instructions
- Save time and reduce compliance and audit costs

- Customizable to site-specific requirements
- Include Applicability Tables
- Offer Pre-audit Preparation guidance

STP also provides Air Quality Management guidance for the following districts:

- Bay District
- South Coast
- San Diego
- Santa Barbara

#### About Specialty Technical Publishers
