

OSHA AUDITING: FEDERAL COMPLIANCE GUIDE

CONSTRUCTION: The Complete Safety and Health Audit Checklist

CONTENTS

Introduction

Module C General

 General Safety and Health

 General Recordkeeping and Posting

Module D1 Occupational Exposures and Environmental Controls

 A. Facilities

 B. Exposure

 C. Hazardous Communication and Retention of DOT Markings,
 Placards, and Labels

 D. Spray Booths

Module D2 Hazardous Waste Operations and Emergency Response

Module D3 Process Safety Management

Module E Personal Protective and Life Saving Equipment

Module F Fire Protection and Prevention

Module G Signs, Signals, and Barricades

Module H Materials Handling

Module I Hand and Power Tools

Module J Welding and Cutting

Module K Electrical

Module L Scaffolds

Module M Fall Protection

Module N Helicopters, Hoists, Elevators, and Conveyors

Module O Motorized Equipment and Vehicles

Module P Excavations

Module Q	Concrete and Masonry
Module R	Steel Erection
Module S	Underground Construction, Caissons, Cofferdams, and Compressed Air
Module T	Demolition
Module U	Blasting and Use of Explosives
Module V	Power Transmission and Distribution
Module W	Rollover Protection Equipment
Module X	Stairways and Ladders
Module Y	Commercial Diving Operations
Module Z	Toxic and Hazardous Substances
	A. Lead
	B. Methylenedianiline (MDA)
	C. Asbestos
	D. Cadmium
	E. 13 Carcinogens
	F. Vinyl Chloride
	G. Inorganic Arsenic
	H. Benzene
	I. Coke Oven Emissions
	J. 1,2-Dibromo-3-Chloropropane (DBCP)
	K. Acrylonitrile
	L. Ethylene Oxide (EtO)
	M. Formaldehyde
	N. Methylene Chloride (MC)
	O. Hexavalent Chromium [Cr(VI)]
Module DD	Cranes and Derricks in Demolition and Underground Construction
