TABLE OF CONTENTS

Part 1	Introduction Applicability of This Module Regulatory Summary Table 1: Audit Review Key Compliance Definitions
Part 2	Pre-audit Preparation Acronyms and Abbreviations
Part 3A	General Transportation Requirements Rulebook <ol style="list-style-type: none">All Motor Carriers<ol style="list-style-type: none">Table 1.9: Regular Filing Deadlines for Updated Form MCSA-1Intermodal TransportFinancial Responsibility<ol style="list-style-type: none">Table 3.1: Schedule of Limits —Public Liability for Property TransportersTable 3.2: Schedule of Limits —Public Liability for Passenger TransportersQualifications of Drivers or Operators of Migrant Worker Transport VehiclesDriving of Motor Vehicles Used for Migrant Worker TransportationParts and Accessories Necessary for Safe Operation while Transporting Migrant WorkersHours of Service of Drivers and Maximum Driving Times for Transporters of Migrant WorkersInspection and Maintenance of Motor Vehicles Used to Transport Migrant WorkersAdministration Inspection of Motor Vehicles in Operation for Transporting Migrant WorkersRequirements for Intermodal Equipment Providers and for Motor Carriers Operating Intermodal Equipment
Part 3B	Driver Qualifications Rulebook <ol style="list-style-type: none">Qualifications of DriversAlcohol and Controlled-Substances Testing ProgramSpecial Training Requirements for Longer Combination VehiclesSpecial Training Requirements for Entry-Level Drivers

Part 3C**Driving Procedures Rulebook**

1. Driving of Motor Vehicles
2. Drivers' Hours of Service
3. Transport of Hazardous Materials

Part 3D**Inspection, Repair, and Maintenance Rulebook**

1. Entrance, Egress, and Back-of-Cab Access for High-Profile, Cab-over-Engine Vehicles
2. Specific Inspection, Repair, and Maintenance Requirements
3. Lighting Devices and Reflector Standards for Safe Operation
 - 3.1 Table 3.1: Required Commercial Vehicle Lighting Equipment
4. Electrical Wiring and Devices
5. Brakes and Braking Devices
 - 5.14 Table 5.14: Vehicle Brake Performance
6. Glazing and Window Construction
7. Fuel Systems
8. Coupling Device and Towing Method Standards for Safe Operation
 - 8.4 Table 8.4: Longitudinal Strength in Tension and Compression
 - 8.5 Table 8.5: Diameter of U-Bolts in Inches
 - 8.6 Table 8.6a: Total Cross-sectional Area of U-Bolts in Square Inches
 - Table 8.6b: Minimum Test Load in Pounds
 - 8.8 Table 8.8: Diameter of Solid Kingpin in Inches
9. Miscellaneous Part and Accessory Standards for Safe Operation
 - 9.1 Table 9.1: Inflation Pressure Measurement Correction for Heat
 - 9.2 Table 9.2: Minimum Size Requirements for Sleeper Berths
10. Emergency Equipment Standards for Safe Operation
11. Systems to Secure Cargo
 - 11.4 Table 11.4: Cargo Tiedown Performance Standards
12. Frames, Cabs, Body, Wheels, Steering, and Suspension
 - 12.5 Table 12.5: Steering Wheel Lash Specifications

HAZARDOUS MATERIALS TRANSPORTATION

HM/Part 1 Hazardous Materials Transportation Introduction

Applicability of This Module

Regulatory Summary

Table 1: Audit Review

Key Compliance Definitions

General Definitions

Definitions of Classes

Table 1: Hazard Classification System

Class 1 Hazardous Materials

Class 2 Hazardous Materials, Divisions 2.1, 2.2, and 2.3

Class 3 Hazardous Materials

Class 4 Hazardous Materials, Divisions 4.1, 4.2, and 4.3

Class 5 Hazardous Materials, Division 5.2

Class 6 Hazardous Materials, Division 6.1

Class 6 Hazardous Materials, Division 6.2

Class 7 Radioactive Materials

Class 8 Hazardous Materials

Class 9 Hazardous Materials

HM/Exhibit 1 DOT Hazmat Labels

HM/Exhibit 2 DOT Hazmat Placards

HM/Part 2 Hazardous Materials Transportation Pre-audit Preparation

Acronyms and Abbreviations

HM/Part 3 Hazardous Materials Transportation Rulebook

1. General Requirements
2. Transitional Requirements
3. Shipments from or to Canada or Mexico
4. Conditions for the Use of International Codes
5. Additional Requirements for Using the ICAO Technical Instructions, IMDG Code, or IAEA Regulations
6. Hazardous Materials Shipping Papers
7. Hazardous Materials Marking

8. Labeling
 - 8.3 Table 8.3: Subsidiary Hazard Labels
9. Placarding
10. Emergency Response Information
11. Notification of Hazardous Materials Incidents
12. General Hazardous Materials Training
13. Packaging – General
 - 13.15 Table 13.15: Minimum Thickness of Packaging Materials
14. Qualification, Maintenance, and Use of Cylinders
15. Packaging Requirements for Class 1 Materials
16. Non-bulk Packaging Requirements for Materials Other Than Class 1 and Class 7
 - 16.1 Table 16.1: Materials Triggering Material-Specific Requirements for Non-bulk Packaging
17. Bulk Packaging for Hazardous Materials Other Than Class 1 and Class 7
18. Preparation and Packing of Gases in Cylinders
 - 18.13 Table 18.13: Specification Markings for Service Pressure
 - 18.20 Table 18.20: Material-Specific Transport for Compressed Gases and Compressed-Gas Assemblies
19. Compressed Gases in Cargo Tank Motor Vehicles, Tank Cars, and Other Mobile Compressed Gas Vessels
20. Hazardous Materials in Cargo Tank Motor Vehicles
 - 20.4 Table 20.4: Cargo Tank Motor Vehicle Pressure-Relief Device/Outlet Requirements
21. Packaging and Storage of Radioactive Materials
 - 21.9 Table 21.9: Non-fixed External Radioactive Contamination—Wipe Limits
22. Transportation Requirements for Radioactive Materials
23. Hazardous Materials Security Plans

HAZARDOUS MATERIALS TRANSPORTED BY MOTOR VEHICLE

Applicability of This Module

Regulatory Summary

Key Compliance Definitions

HRL/Part 2 Pre-audit Preparation

Acronyms and Abbreviations

HRL/Part 3 Rulebook

1. General Information and Regulations
2. Handling and Loading
3. Tank Car Unloading
4. Segregation of Hazardous Materials
5. Handling of Placarded Rail Cars, Transport Vehicles, and Freight Containers
6. Handling Explosive Materials
7. Handling Gaseous Materials
8. Requirements for Materials That Are Extremely Poisonous by Inhalation and Shipped by, for, or to the Department of Defense
9. Requirements for Class 3 (Flammable Liquid) Materials
10. Requirements for Division 6.1 (Poisonous) Materials
11. Handling Class 7 (Radioactive) Materials
 - 11.2 Table 11.2: Minimum Separation Distance Required for Packages of Radioactive Materials

HAZARDOUS MATERIALS TRANSPORTED BY VESSEL

TABLE OF CONTENTS

HVL/Part 1 Introduction

Applicability of This Module

Regulatory Summary

Key Compliance Definitions

HVL/Part 2 Pre-audit Preparation

Acronyms and Abbreviations

HVL/Part 3 Rulebook

1. General Information and Regulations
2. General Operating Requirements
3. General Handling and Stowage of Hazardous Materials
4. Use of Powered Industrial Trucks on Board Vessels
 - 4.1 Table 4.1: Powered Industrial Truck Laboratory Designations
5. General Segregation Requirements
6. Special Requirements for Transport Vehicles Loaded with Hazardous Materials and Transported on Board Ferry Vessels
7. Special Requirements for Transport of Hazardous Materials on Barges
8. Detailed Requirements for Transport of Class 1 (Explosive) Materials on Vessels
9. Segregation of Class 1 (Explosive) Materials from Other Types of Materials
10. Precautions During Loading and Unloading of Class 1 (Explosive) Materials
11. Special Requirements for Transport of Class 1 (Explosive) Materials
12. Special Requirements for Handling Class 1 (Explosive) Materials in Port
13. Special Requirements for Magazine Vessels Transporting Class 1 (Explosive) Materials

14. Detailed Requirements for Class 2 (Compressed Gas) Materials on Vessels
15. Detailed Requirements for Class 3 (Flammable and Combustible Liquid) Materials
16. Detailed Requirements for Class 4 (Flammable Solid), Class 5 (Oxidizer and Organic Peroxide), and Division 1.5 (Blasting Agent) Materials on Vessels
17. Detailed Requirements for Division 2.3 (Poisonous Gas) and Division 6.1 (Poisonous) Materials on Vessels
18. Detailed Requirements for Radioactive Materials on Vessels
19. Detailed Requirements for Class 8 (Corrosive) Materials on Vessels
20. Detailed Requirements for Cotton and Vegetable Fibers on Vessels
21. Detailed Requirements for Motor Vehicles and Related Mechanical Equipment on Vessels

HAZARDOUS MATERIALS TRANSPORTED BY AIRCRAFT

TABLE OF CONTENTS

HAC/Part 1 Introduction

Applicability of This Module

Regulatory Summary

Key Compliance Definitions

HAC/Part 2 Pre-audit Preparation

Acronyms and Abbreviations

HAC/Part 3 Rulebook

1. Overall Information and Regulations
 - 1.7 Figure 1: *Cargo-only aircraft* label
2. Use of International Civil Aviation Organization (ICAO) Technical Instructions
3. Loading, Unloading, and Handling of Hazardous Materials
4. Specific Regulations Applicable According to Classification of Material
 - 4.6 Table 4.6: Transport indexes and minimum distance separation distances for Radioactive Yellow-II and Radioactive Yellow-III materials
 - 4.8 Table 4.8: Minimum separation distance to nearest undeveloped film for various times of transit
