What to Expect

Students will work with a team of musical theater experts and highly trained educators to put on a junior Broadway production in just two weeks! You'll experience auditions, call-backs, casting, daily rehearsals, costume design, and set building! From choreography to tech crew, you will experience everything that goes into creating a musical theater production. Our intimate performance space allows for actors to work on projection and audience interaction in a safe enriching environment. Daily rehearsals culminate in a musical theater masterpiece of their very own with two shows performed on Friday and Saturday evening.

July 15-27: Godspell JR.

With hysterical improvisation, Jesus Christ recruits a group of followers and teaches various lessons through song and dance. The story of friendship and betrayal are told through a group of disciples that help him tell different parables by using a wide variety of games, storytelling techniques, and a hefty dose of comic timing. An eclectic blend of songs, ranging in style from pop to vaudeville, are employed across the stage. In a musical retelling set in modern-day, Godspell JR. features a comedic troupe of eccentric players who team up to teach his lessons in a new age through parables, games, and tomfoolery. With an energetic cast telling the story, kindness, tolerance and love come vibrantly to life this summer!
