

Summer Camp  
Never Looked Like This!

## Audio Production Program

### RealJams Audio Production

**Ages 10-18**

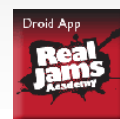

Interested in digital recording and audio production? Our Audio Production program is for you! You'll spend a week this summer with pros that share the same passion for recording. You'll learn the techniques and use the tools to produce your own music and run successful recording sessions.

During this program students will learn to record and mix audio, learn to use MIDI and incorporate loops in their music and so much more.

#### Students Will:

- **Record and Mix Audio**
- **Learn Beat Making**
- **Learn to how to use MIDI and Loops in Your Music**
- **Learn Today's Most Popular Recording Software**
- **Produce Recording Sessions and Live Bands**
- **Write, Record and Mix your own song**

## Classes & Seminars

### Write, Record and Mix Your Own Song

Students will be placed into small groups according to their age, skill level and musical interest. Once placed, they will be off and running on a creative journey to write and record their very own original tune using the many audio recording techniques of the pros, while using today's top audio production software.

### Work With A Live Band

Audio Production groups will have the opportunity to work with live bands throughout the week. Students will help produce, write & add instrument parts and record original music written by their peers.

### Master Classes

There are several master classes scheduled throughout this one-week program. Each class focuses on specific areas of music production that is vital to being a successful audio engineer and producer.

- **Record Real Instruments**
- **Beat Writing & Loop Manipulation**
- **Audio Production**
- **Mixing Audio**
- **MIDI Programming**
- **Use of Effects**
