

# RealJams Advanced

Students ages 14+

***“This program gave my son the chance to write, professionally record, and perform original music with like-minded peers and professionals...”*** — Chantal P. 2019 Parent

***\$1499 for members and non-members. This program is held M-F from 9-4PM for two weeks and includes offsite fieldtrips & performance!***

### **Program Highlights:**

- ***Join an advanced level band***
- ***Attend theory classes***
- ***Write an original 3-song EP***
- ***Record at Q Division Studios***
- ***Attend 2-3 industry fieldtrips***
- ***Perform at one of Boston’s top music venues***

### **What to Expect**

The Advanced program takes the RealJams Bands experience you’ve come to know and love to the next level! Participation is based on Instructor invitation or a one-on-one audition. This step ensures students are placed in bands that connect their musical interest and skill level. Once placed, they will be off and running on a 2-week creative journey writing their own original music and preparing to record at Q Division, one of New England’s top studios in Somerville, MA. It’s here where they will record the 3 songs they’ve been working on and experience a world-class recording studio with a 30 year history at the center of Boston’s music scene. Students will also have an HD live video recorded from their final performance and a high quality photo memory book mailed home!

### **Student Life**

Students participate in 2-3 off-site field trips where they are bused to the music industry’s top local facilities. Past field trips include: Berklee College of Music, Zildjian, Fishman, UMass Lowell, Mix 104.1 — organizations where students gain insight from industry experts about the many career paths available to them!

### **Music Education**

Throughout the program, students will attend instrumental labs held by our expert Instructors. This class is an instrument proficiency group class where students will learn essential techniques specific to their instrument. All classes are designed to be hands on and high energy. The advanced program also includes 5 seminars — each focusing on specific areas vital to being a successful musician.
