

EMPLOYER

April 2019 Release Notes

1 Additional Employee “Hire Types:” “Test” and “K-1”

1. Previously, the only two available Hire Types were “W-2” and “1099.”
2. This update adds two additional “Hire Types” - “Test” and “K-1.”
3. Employees marked as “Test” will not appear on BernieBills or on any EDI Files.
4. Some payroll companies are automatically adding new hires onboarded in BerniePortal to the payroll system. These payroll companies are now able to automatically ignore employees marked as “Test” or “K-1.”

2 More information about beneficiaries on the enrollment PDF

1. The enrollment PDF has long contained information about any beneficiaries named by the employee.
2. It now also includes the relationship to the employee on the PDF (that information was before only available in reports).
